# THE COLLEGE

## Message From The President

You have an important decision to make. Which college will you attend? As Robert Hutchins said, "nobody can decide for himself whether he is going to be a human being. The only question open to him is whether he will be ignorant, undeveloped, or one who has sought to reach the highest point he is capable of attaining."

Our challenge at North Carolina Wesleyan College is to help you reach that "highest point", not only intellectually, but socially, physically, morally and spiritually. Much of our success with students is due to the close association of faculty and students.

We have all been influenced by very special persons who have shown us love, understanding, and patience and from whom we have learned the qualities of leadership, strength and determination.

At North Carolina Wesleyan College you will be influenced by the outstanding teachers who make up our faculty. As their lives touch yours you will gain mature insights, add to your store of knowledge, and learn to successfully deal with people, problems and opportunities. You will discover that self-discipline, not self-indulgence, is the path to achievement.

Truth, fairness, and the ethics of love, kindness, and understanding are combined with the learning process; each student is encouraged to become the best he or she is capable of becoming.

North Carolina Wesleyan College offers you the opportunity to achieve your academic goals in a Christian community. You will find this highly personal, small-college atmosphere ideal for your growth toward new skills, plateaus of knowledge, social and leadership abilities, and essential moral and spiritual values.

And, in addition to our continued commitment to the liberal arts, we are aware of the need to prepare our students for practical applications of their education. Our career programs, established for this purpose, are continually reviewed and expanded.

If you want to discover your potential, consider these opportunities at North Carolina Wesleyan College. We will be looking carefully at you, also. Of course, our hope is that we both choose wisely.

Sincerely,

A handwritten signature in dark ink, appearing to read "S. Bruce Petteway".

S. Bruce Petteway  
President

## THE CAMPUS AND PHYSICAL PLANT

---

The entire campus at North Carolina Wesleyan College has been constructed since 1958. N. C. Wesleyan

has had the opportunity, not available to other colleges, to plan and build its physical plant to a master plan and in a uniform architectural style. The buildings are beautifully set in a 200-acre tract of pine woodland which has been extensively landscaped.

The eastern border of the campus is flanked by a mile-long Jeffersonian serpentine wall. Two tall gatehouses form an entrance at the center of the winding wall, and from them a dual-lane drive leads toward the center of the campus. A wooded area of the main quadrangle centers on a 40-foot pool and fountain, beyond which are the main buildings.

Most campus facilities were built prior to development of current architectural standards which are especially applicable to needs of the handicapped. However, disabled students who can communicate and move around campus should have little difficulty participating fully in the programs offered here. It is advised that the handicapped applicant communicate with the Office of Student Life concerning his or her interest and limitations. A visit to the campus before application or matriculation is recommended so that the applicant can judge the campus in relation to individual needs.

The focal point of the campus is the complex of three buildings: Braswell Administration Building, Pearsall Classroom Building, and Gravely Science Building. These house the administrative offices, faculty offices, classrooms, science laboratories, Garber Chapel, the music library, an exhibits gallery, and Coltrane Theatre.

The Cafeteria-Student Union houses a cafeteria which can serve up to 800 people, a coffee lounge and snack bar, private dining rooms, student lounges, offices of student government and publications, the bookstore, the post office, and the office of the Vice President for Student Life.

The library building, air conditioned and carpeted throughout, can accommodate 275 readers at a time and has a separate periodical reading room and curriculum center. Its shelf capacity of 70,000 volumes presently holds a collection of more than 58,000 volumes and 776 periodicals. It is equipped with three microfilm and three microfiche readers, and stores on film 110 periodical titles, including "The New York Times." The Wesleyan Library participates in the inter-library loan program with other major colleges, universities, and public libraries. It is also a selective depository for government publications.

Spruill Infirmary, staffed by a registered nurse, is fully equipped to serve campus medical needs.

N.C. Wesleyan maintains an outstanding Music Library located in Room 189 in the Pearsall Classroom Building. Library hours are posted on the door and the library is open to all students of the College.

The library contains more than 5,000 musical scores of all types, including piano and organ music, orchestral scores, operas, songs, and chamber music. A small collection of reproductions of composers' autographed scores is included as well as many historical collections and complete collections of composers' works.

In addition, more than 8,000 recordings of music make this library one of the largest and most comprehensive collections of musical materials in the South. Fifteen listening stations are available. Recordings in the collection must be used in the library. However, there is a circulating collection of 600 recordings loaned to students for a period of two weeks.

A periodicals rack contains the latest issues of music journals and magazines. The room also houses the Music Department's TRS-80 computer and numerous music programs on cassette available to students in the College's Comprehensive Musicianship courses.

Four residence halls are located on the campus. All are three-story fireproof buildings of like size and design, housing 115 students each. Each room is furnished with desks, wardrobes, lavatory, and dressers for two students.

Wesleyan boasts some of the finest athletic facilities in the state. Everett Gymnasium, with a seating capacity of 1,200, is the site of basketball and volleyball games, physical education classes, and indoor soccer matches. A well-equipped training room, universal gym, and trainer are available for all students' use. On the campus are tennis courts, a skeet field, intramurals fields, and varsity baseball, soccer, and softball fields.

## THE COLLEGE IN BRIEF

---

North Carolina Wesleyan College is a multipurpose institution of higher education. Located in the eastern North Carolina, the College is a private, co-educational, liberal arts institution which is closely associated with The United Methodist Church. The current enrollment of 750-850 includes students from 17 states and five foreign countries. The male-female ratio is 55:45. Average class size is 21 students, with a student-faculty ratio of 16:1. More than fifty percent of the faculty hold doctorates in their teaching areas.

## ACCREDITATION

---

North Carolina Wesleyan College is fully accredited by the Southern Association of Colleges and Schools. It is also a member of the National Association of Schools and Colleges of The United Methodist Church and the North Carolina Association of Colleges and Universities. Women graduates are eligible for membership in the American Association of University Women. The North Carolina Department of Public Instruction grants N. C. teaching certificates to graduates of Wesleyan who have completed the prescribed certificate program and who are recommended by the College.

### **STATEMENT OF INSTITUTIONAL PURPOSE**

North Carolina Wesleyan is a liberal arts college which affirms the ideals of Christianity, the search for truth, the sacredness of life, and the uniqueness of each person. On this foundation rest both liberal arts disciplines and preprofessional and career programs.

We believe that breadth of learning is a practical preparation for life. We intend that our graduates will be not only scholars but also capable citizens, who have the ability to make critical and independent judgements, the courage to recognize and confront threats to human freedom and dignity, and the capacity for responsible, productive, and knowledgeable participation in the world.

## ADMISSIONS

North Carolina Wesleyan College exists for the student whose goals are academic achievement and personal growth including spiritual and moral development. While the principal emphasis is on academic programs, Wesleyan also encourages its students to seek and respond to those challenges leading to an understanding of self and to mature relationships with others.

We invite applications for admission from the student who can contribute positively to the college community and has the personal and academic credentials necessary to benefit from the variety of opportunities offered by the College.

In evaluating an application, the Admissions Committee will review the academic record: courses taken and grades earned, SAT or ACT scores, class rank, guidance counselors' recommendations, and other information indicative of character and competence. Though not required, a visit to the campus and an interview with a member of the Admissions staff is strongly recommended.

**Applying for Admission:** The Admissions Committee must have the following information before the application can be considered:

Freshmen

1. A completed application for admission. (One is attached to this Catalog).
2. A \$15.00 application fee. This fee is used to help defray the cost of processing the application and is not refundable.
3. An official transcript of all work taken during high school, including class rank and SAT or ACT scores.\* Evidence of high school graduation must also be supplied before enrollment.

A recent photograph is requested but not required of all new students.

Transfer Students

1. Complete numbers 1 through 3 above. If the student will be transferring 30 semester hours (45 quarter hours) or more, you need not submit the high school information requested.
2. Have forwarded to Wesleyan College official transcripts from all post-secondary institutions attended.

A recent photograph is requested but not required.

\*A student who has not pursued formal educational experiences for at least one calendar year will not be required to submit SAT or ACT scores in order to be considered for admission as a special student. The General Education Development (GED) test may be considered in lieu of a high school diploma.

When all of the necessary items are received, the Admissions Committee will immediately review your application. The applicant will be notified as soon as a decision has been made.

**Readmission.** Students who previously attended N.C. Wesleyan College and wish to return after an absence of one regular term or more, must apply for readmission. The application for readmission may be obtained from the Office of the Registrar. If the applicant has attended another post-secondary institution during his or her absence, transcripts from the institution(s) must be submitted.

**Early Admission.** In some cases, N.C. Wesleyan College will consider applications from students who have completed the junior year of high school but do not plan to complete their graduation requirements prior to entry. Such a procedure is undertaken only in exceptional cases when the best interest of the student dictates it, and then only in consultation and cooperation with the high school. Personal maturity, readiness for college level work, and family circumstances all must support such early admission.

**Evening Division and Extension Education.** Those wishing to enroll for on-campus evening courses or courses offered through the extension program

should direct their inquiries either to the Director of the Evening College or the Director of Extension Education.

**Summer Session Admission.** A special application is required for admission to Wesleyan's summer sessions. This applies to new and currently enrolled students. Applications are included in the Summer Session Bulletin published in the spring of each year. Admission to the Summer Session does not constitute admission to the College for a regular term.

**Admission of Non-Degree Candidates.** Students who wish to study at Wesleyan on a non-degree basis for teacher certification renewal, for credit to fulfill requirements at other institutions, or for other acceptable reasons are required to submit the following:

- A. Graduates of 4-year institutions
  - 1. A completed application form.
  - 2. A \$15.00 non-refundable application fee.
  - 3. A copy of a diploma or an official transcript from the degree granting institution.
  - 4. A signed waiver of degree candidacy.
- B. Candidates for graduation from other senior institutions
  - 1. Numbers 1, 2, and 4 above.
  - 2. A letter of permission or an official transcript from the degree granting institution.

**Continuing Education Unit (CEU).** Those wishing to continue their education for their personal enrichment but who do not care to receive academic credit, may participate in the CEU program. Records are kept of courses taken and a Certificate of General Studies may be earned. An abbreviated admissions procedure is used for those entering this program. Specific information is available from the Admissions Office on request.

**Course Audit.** Students may arrange through the Registrar, in conjunction with faculty members involved, to audit courses on a non-credit basis for their own personal enrichment.

**When to Apply.** To enroll for the Fall Term, an application should be submitted as early as possible, preferably by May 1. Applications should be submitted no later than 30 days prior to the beginning of the term of desired entrance (Fall or Spring).

Early application is extremely important for those seeking financial assistance. Processing of financial aid information by agencies other than the College is normally required and often takes 4 to 6 weeks. In addition, the College Financial Aid Office requires some additional time to prepare an aid package appropriate for each individual. Our admissions policy provides for immediate review and appropriate notification to each applicant as soon as all required

materials are received. It is necessary that a student be accepted for admission before an official award of financial aid can be made.

**Visiting the Campus.** Visits to the campus are valuable since they give the opportunity to make a valid choice. It also provides us with the opportunity to meet and get to know you. A member of the Admissions staff will be happy to show you around and acquaint you with the College, its programs and its people.

**Recommended Preparation.** **FRESHMEN:** In addition to graduating from a recognized secondary school, we recommend that 16 units of credit be presented for work completed in grades 9 - 12. Of these, 4 should be in English, at least 9 units in academic areas, and 3 units in elective areas. We encourage students to take two years at the secondary level in math, science, and foreign language. **TRANSFER:** Transfer students are welcome to apply at any stage of their academic careers.

**Advanced Standing For Transfer Students.** Wesleyan's transfer policy is designed to award academic credit for the legitimate educational experiences a student has completed. Areas eligible for possible transfer credit include academic courses from four-year colleges and universities; two-year junior and community colleges and two-year technical institutes; credit obtained through standardized testing programs (College Level Examination Program or American Testing Program); and formal professional or military training as recognized by the American Council on Education.

Any academic course with a grade of "C" or higher will be considered for transfer credit. Each transfer course is evaluated on the basis of compatibility with the College's curriculum and the specific nature of the individual courses being considered.

A maximum of 64 semester hours (96 quarter hours) of credit may be transferred from two-year institutions. Included in this category are CLEP credits earned through the general examination program. Transfer credit above 64 semester hours may be awarded from four-year, baccalaureate degree granting institutions. CLEP subject area credits are considered in this category. A maximum of 100 semester hours, in any combination, may be applied toward the degree requirements of the College. The total remaining credits required for a degree are determined by the specific course work transferred and the specific course work required by the College.

As part of its service to prospective students, Wesleyan will provide transcript evaluations and individualized degree plans upon request. Students may request this service when considering a transfer in order to determine exactly what course work remains.

---

## **CATEGORIES OF ACCEPTANCE**

North Carolina Wesleyan is concerned that students begin their programs of study with coursework appropriate to their academic background in order to ensure academic suc-

cess. All new students are given a series of tests prior to registration and are assigned a faculty advisor who helps tailor programs to each student's particular goals and needs. The College realizes that not all college-bound students are immediately prepared to undertake a challenging college curriculum. For this reason, the Developmental Studies Program has emerged as an important part of the academic program at Wesleyan. In addition, the College offers several types of acceptances. Please note that the criteria given establish general categories that are subject to the interpretations and decisions of the Admissions Committee.

**Freshmen.** REGULAR ACCEPTANCE will be considered for students who rank in the upper half of their class and have a combined SAT score of 800 or above. Students so accepted may enter during any term as full-time students.

INDIVIDUALIZED ADMISSIONS. Many students show great promise and potential for success with college-level studies even though they fail to meet the guidelines for regular acceptance. Therefore, the College offers a limited number of "individualized acceptances" each year. These students may be limited to less than the maximum full-time load to ensure a proper and directed beginning.

SPECIAL ACCEPTANCE at a reduced course load may be offered for applicants with unusual circumstances. A student who graduated from high school several years ago, without having taken the SAT, is an example of one who might be considered for this type of acceptance. This category of acceptance applies both to freshmen and transfer students.

**Transfer (has attempted post-high school work).** REGULAR ACCEPTANCE will be considered for transfer students with a minimum grade average of "C." Students so accepted may enter during any term as full-time students.

INDIVIDUALIZED ADMISSIONS may be offered to transfer students who fail to meet the general guidelines for regular acceptance but who exhibit the potential and desire to be successful at Wesleyan. Although allowed to enroll on a full-time basis, students so admitted will be limited to less than the maximum full-time load.

**High School Credit Bank Program.** High School Juniors or Seniors will apply for admission to the Evening College Division of North Carolina Wesleyan College and are required to submit a transcript of high school records and a letter of recommendation from their principal, guidance counselor or a teacher.

Admission will be granted on the basis of a review of these materials and a personal interview with the students.

Application materials will be available in high school guidance offices or from the Evening College office at Wesleyan.

**Acceptance Review.** Please be aware that the Admissions Committee reviews all information which is added to the record of an accepted applicant prior to enrollment. In the event that a significant change occurs in a student's academic or personal qualifications, the Committee may reconsider its approval of the applicant or the type of acceptance.

## FINANCIAL AID

Financial Aid at N.C. Wesleyan College is provided to give assistance to students who, without monetary aid, would be unable to attend college. Students who excel in scholarship and personal qualifications as well as those who cannot provide for the entire cost of their education are encouraged to apply for financial aid. No student should fail to consider Wesleyan for financial reasons. With funds available through the College and/or outside sources, our goal is to help any student who is eligible for financial aid.

The basic sources of financial aid are grants, scholarships, student employment, and loans. A student with considerable need may expect assistance which includes any combination of these sources. This is called a financial aid package.

Factors considered in determining need are net family income, number of dependents, assets, indebtedness, and allowable expenses. Procedures established by a central need analysis system and approved by the U.S. Government are used to determine the expected family contribution based on the above factors.

Those wishing to determine their possible eligibility prior to making application will find a copy of the College Scholarship Services, "Meeting College Costs," most helpful. This pamphlet may be obtained free of charge from high school guidance departments or the College Financial Aid Office.

Applications for aid should be submitted as early as possible for processing of materials by outside agencies and to give the Wesleyan Financial Aid Office time to prepare an appropriate aid package. All applications will be processed and the student notified as soon as the required information is received by the Financial Aid Office. However, the applicant must have been accepted for admission before an official offer of College aid can be made.

Funds granted to students may be used only for legitimate educational expenses. It is expected that students applying for financial aid will, if possible, work during the summer months to contribute toward their college expenses.

Since funds are limited and there are many applicants, the College will provide assistance not in excess of direct educational costs - tuition, fees, and books for commuting students and tuition, fees, books, room and board for resident students.

In order to continue to receive aid, the student must be making satisfactory progress toward degree completion as determined by the N.C. Wesleyan College Financial Aid Committee.

Students receiving assistance from N.C. Wesleyan are obligated to notify the Financial Aid Office immediately if they receive any type of additional aid, an award from any other source, and/or have any changes in their family financial situation. Federal regulations prohibit the awarding of financial aid in excess of need. Aid administered by the College will be adjusted in accordance with these regulations if a grant, loan, or scholarship from other sources is received. Transfer students are eligible for student assistance on the same basis as all other students.

Students must reapply each year by April 1 for financial aid.

All applicants for need-based aid at N.C. Wesleyan must apply for the Pell Grant (formerly known as the Basic Education Opportunity Grant).

**Classification for Student Aid.** Students applying for financial aid are considered in three categories: dependent, married, and independent.

1. The dependent student usually resides with his or her parents and depends on them for support.
2. A married student's assistance will be evaluated for costs directly related to the pursuit of a college education. The analysis by the Financial Aid Office will consider reasonable expense allowances based on the married student's financial situation. Any student who marries while a student at N.C. Wesleyan shall at that time have his or her financial assistance status reviewed.
3. The independent, non-married student must provide proof of status. This may take the form of a sworn affidavit from the student's parents. Several factors are considered: has the student resided away from home for at least twelve consecutive months; has the family contributed to the support of the student; did the family claim the student for federal and/or state income tax deductions during the preceding years?

**Enrollment Status for Financial Aid.** To receive financial aid at N.C. Wesleyan, a student must be enrolled at least half-time (6 semester hours). Full-time enrollment at N.C. Wesleyan is considered to be at least 12 semester hours.

**Award Credits.** An award consists of a scholarship, grant, loan, and/or work-study combination. The award is assigned for one academic year. The student receives credit for one-half of the award in the Fall Semester and one-half in the Spring Semester.

An award adjustment will be made if there is any change in the student's family financial situation such as the prolonged illness, disability, or death of the family wage earner. Also, if a student receives aid in any form from any source, he or she is obligated to inform the Financial Aid Office in writing immediately upon accepting said aid. In either of the above cases, a student's award is reviewed and appropriate adjustments are made in the financial aid package.

**Foreign Student Assistance.** N.C. Wesleyan has no funds designated for assistance to these students. However, foreign students who are permanent residents of the U.S. are eligible to apply for the Pell Grant.

**Summer Term Assistance.** N.C. Wesleyan usually provides, on a limited basis, assistance for students who attend summer sessions.

**Making Application.** To apply for financial aid, you must complete the N.C. Wesleyan College Financial Aid Application. This may be obtained from the College Financial Aid Office. All students applying for financial assistance must also submit the Financial Aid Form (FAF) to the College Scholarship Service, Princeton, NJ, and should request that a copy of the report be sent to N.C. Wesleyan College.

All applicants must also apply for the Pell Grant which can be accomplished by providing the appropriate information on the FAF.

**When to Apply.** Students should submit the appropriate forms prior to April 1 to ensure full consideration of all sources of aid for the Fall Term. Early application will be substantially helpful to the Financial Aid Office in finding ways to meet the student's needs.

## GRANTS

---

**Pell Grant.** Formerly known as the BEOG, this is a federal grant authorized and designed to assist needy students in pursuing higher education at the institution of their choice. In 1980-81, the program legislation provided a maximum grant of \$1,750. The Pell Grant cannot provide more than fifty percent of the actual cost of attendance at the institution selected by the student. Procedures for applying are:

1. Check the appropriate section on the FAF designated Pell Grant.
2. Obtain a Pell Grant application form from an institution of higher education, a high school counselor, public library, post office, or other public offices.
3. Complete the form and submit it as specified in the listed instructions.
4. The student will be notified by a multicopy of his or her eligibility index. This document should then be submitted to the institution or institutions of the student's choice.
5. The institution will then notify the student of the amount of his or her Pell Grant.

Students and parents are urged to be alert to changes in this and all other federally (and state) funded programs. Information may be obtained from high school guidance counselors and financial aid officers at institutions of higher education.

**Supplemental Educational Opportunity Grant.** Known as SEOG, this is funded by the Federal Government and is restricted to students who would be

unable to attend college without such assistance. These grants range from \$200 to \$2,000.

**North Carolina Contract Grants** are awarded to legal residents of North Carolina enrolled full-time and are provided by the North Carolina State Educational Assistance Authority. The awards are based on financial need.

**North Carolina Legislative Tuition Grants** are available to all full-time (12 semester hours or more) undergraduate students who are legal residents of North Carolina. The maximum award for the 1980-81 academic year was \$550.

**North Carolina Student Incentive Grants** are available to legal residents of North Carolina attending in-state institutions full time (12 semester hours or more). Funds are from state and federal sources and are awarded through the North Carolina State Educational Assistance Authority. Funds allocated are based on need. To apply, indication should be given on the FAF.

**Nash-Edgecombe Tuition Discounts** in the amount of \$300 per academic year are available to legal residents of Nash or Edgecombe counties who are enrolled full-time (12 semester hours or more) and have not earned a bachelor's degree.

**Ministerial Family Grants.** Dependent children of full time United Methodist ministers with regular conference affiliation will receive an annual grant from the College for an amount up to full tuition. For these grants, financial aid and admissions applications must be received by the College no later than April 1.

## LOANS

### **National Direct Student Loans.**

These loans are made to students who, without such assistance, would be unable to attend college. Loans range up to \$1,500 per academic year but cannot exceed \$6,000 for the total undergraduate program. The amount a student may borrow is determined by the Financial Aid Office according to the number of eligible applicants, the funds available, and the student's need.

An annual interest rate of four percent (4%) begins on the first day of the seventh month after the student ceases to be enrolled at least half-time, graduates from, or leaves the College. Repayment of principal and interest begins on the last day of the seventh month after you leave the College unless you are enrolled at least half-time in another institution of higher education, or are teaching full time in an accredited school listed as eligible for loan cancellation benefits in the Federal Register. Deferment may also be granted for up to three years for service in the Armed Forces, Peace Corps, VISTA (or similar exempt organizations), and the Commissioned Corps of the Public Health Service.

Part of the loan plus interest may be cancelled by service in the Armed Forces, by service as a full-time teacher of the handicapped, or by teaching full

time in an accredited school listed as eligible for loan cancellation benefits in the Federal Register.

Contact the Financial Aid Office for approved deferment and cancellation applications.

**Insured Student Loan Program.** Funds for this program are provided by private lenders with interest at nine percent (9%). Information about the loan program in the student's home state may be obtained by contacting the state Higher Education Assistance Authority, guidance counselor, or N.C. Wesleyan's Financial Aid Office. North Carolina students should write to: College Foundation, Inc., 1307 Glenwood Avenue, Raleigh, NC 27605.

**N.C. Wesleyan Loan Funds.** Some College loan funds are available for students who do not qualify under the guidelines of the National Direct Student Loan program but do meet the expectations of the donors of the designated funds. Loans from College funds are covered by notes that bear no interest while the student is enrolled at Wesleyan. Interest begins with the date of graduation or withdrawal from college.

The following loan funds are administered by the College; availability and amounts will vary from semester to semester.

Ethel Leatherwood Barnhill Loan Fund  
 L. C. Cobb Loan Fund  
 Henry N. Davenport Loan Fund  
 Rocky Mount Demolay Loan Fund  
 Maynard O. Fletcher Loan Fund  
 Dr. and Mrs. Edgar B. Jenkins Loan Fund  
 King's Daughters and Sons Loan Fund  
 Rocky Mount Kiwanis Loan Fund  
 Mary Barbara Miller-Truong Nyugen Memorial Loan Fund  
 James R. and Frances Morris Loan Fund  
 T. M. Stanback Loan Fund  
 Rocky Mount Rotary Loan Fund  
 Kathy Lynn Motsinger Loan Fund

The College Financial Aid Office maintains a listing of other loan funds which may be available as resources for N.C. Wesleyan students.

Other loan funds potentially available to N.C. Wesleyan students include:

**United Methodist Student Loans.** The student must be enrolled at least half time (6 semester hours), a degree candidate, a United States Citizen, a member of the United Methodist Church at least one year prior to application, and of Christian character. A student already enrolled must have a "C" average through the semester prior to application. An entering freshman must have a "B" average in high school work. The loans range from \$500 to \$800 per year. A separate application is required in addition to the regular applications for aid and may be obtained from N.C. Wesleyan's Financial Aid Office.

**The Scholarship Loan Fund for Prospective Teachers** offers aid from the State of North Carolina in amounts up to \$900 a year. Applications should be made to the State Department of Public Instruction, Raleigh, NC 27611.

In addition to these loan funds, various commercial and deferred payment plans are available. Information may be obtained from the Financial Aid Office.

---

### **WORK-STUDY**

The work-study program, funded by the federal government and N.C. Wesleyan College, is designed to assist students who have demonstrated financial need. During the academic year, students work from six to twenty hours per week in various departments on campus. In addition, the College has its own program of work assistance. Approximately thirty percent (30%) of the students are employed on campus at some time during the academic year. These program awards may range up to \$900 per academic year, and work schedules are arranged to avoid conflict with the student's academic program.

---

### **LAW ENFORCEMENT EDUCATION PROGRAM (LEEP)**

Wesleyan, through its Criminal Justice program, participates in the loan and grant programs of LEEP. Loans and grants from LEEP funds, which are granted to the College on an annual basis, are made to students who meet program guidelines. The assumption is that such funding will continue, but final commitment cannot be made prior to notification by LEEP authorities. Further information may be obtained from the Financial Aid Office.

---

### **OTHER TYPES OF AID**

Many states have established scholarship programs for the use of students attending colleges in or out of their home state. If interested, the student should contact the Department of Education of his or her state. In addition, all states now have some type of loan program for college students. The programs are usually state guaranteed loans handled by a State Higher Education Commission or through United Student Aid Funds handled through banks. Information concerning either of these loan plans may be obtained from the Financial Aid Office.

Also, many service clubs and other organizations provide financial assistance for deserving students who meet their particular local requirements. The College Financial Aid Office is aware of many of these and will assist qualified students in the pursuit of such aid.

---

### **PROFESSORSHIPS**

**The W. Carleton Noell Professor of Hospitality Services.** The Noell Professorship of Hospitality Services

is funded by a bequest from the estate of the late W. Carleton Noell and contributions from Boddie-Noell Enterprises and Hardee's Food Systems.

**The Jefferson-Pilot Professorship.** The Jefferson-Pilot Professorship provides supplementary support through an endowed fund to a faculty member appointed by the President of the College.

## SCHOLARSHIPS

---

Wesleyan grants scholarships to students who demonstrate outstanding achievement in academics and leadership. Scholarships range from \$200 to \$1,500 and are renewable upon application each year as long as a satisfactory record is maintained. Students may receive no more than one scholarship per year from the College.

**Bishop and Mrs. Robert M. Blackburn Scholarship Fund.** A minimum of one, \$1,000 scholarship awarded to a Methodist youth enrolled in an institution of higher learning supported by the N.C. Conference of The United Methodist Church.

**The William David and Della Bullock Boseman Educational Fund** of \$200 awarded annually to a local student.

**Robert Russell Braswell Scholarship Fund.** An annual scholarship from endowed funds for an outstanding student given on the basis of financial need, personal character, scholastic achievement, leadership, citizenship, and contribution to community spirit. Preference will be given to a student from Nash or Edgecombe county.

**James E. and Mary Z. Bryan Memorial Scholarship Fund.** Provides five, \$1,500 scholarships which are awarded as follows: two awards to transfer students from private junior colleges in N.C., with first preference given to current Bryan scholars; and three awards to continuing Wesleyan students at the junior or senior level.

**O. W. and Virginia Dowd Scholarship Fund.** Scholarships from the earnings of a \$216,000 endowed fund are awarded to students who have the greatest potential of rendering service to The United Methodist Church, who are planning for careers of full-time service in the Church, or who give promise of future community leadership. The Scholarship Fund was established with a bequest from the late Virginia Dowd Prince.

**Everett-Leggett Scholarship Award.** An endowed award to a deserving student from Martin County.

**Wesleyan Awards and Honorary Memorial Scholarship Awards** for entering freshmen who have scored a combined total of 1,000 or above on the SAT

and who rank in the top 25 percent or higher in their graduating class. Based solely on SAT score and class standing, these awards normally range from \$200 to \$1,000, depending on exact scores and standing. The student does not have to apply for this aid as an entering freshman, but must reapply in order to renew the award in subsequent years. The amount of a student's award may be increased or other types of aid added if the student completes appropriate aid applications and demonstrates need. These awards may be renewed at the original level, reduced, increased, or discontinued for subsequent years, based on the recipient's academic performance.

**The Justus and Margaret Everett Scholarship Fund.** given in memory of the sacrifices and determination of Justus and Margaret Everett in sending ten children to college from the operation of a small farm during the Reconstruction Period.

**Lewis-Smith Scholarship Fund.** An endowed scholarship fund in memory of Mr. and Mrs. William W. Lewis, the Reverend David M. Lewis, and the Reverend J. L. Smith. Established by the late Reverend Lewis and his sister, Mrs. Wilbert Kemp of Hertford, this scholarship assists students preparing for the United Methodist ministry.

**Helen Lancaster Minton Educational Fund.** A major endowed fund that awards scholarships to students from Nash or Edgecombe county. Applicants apply to the Trust Department of Planters National Bank.

**Polly and C. R. Philpot Educational Fund.** Established with a bequest from the late Charlie R. Philpot, this award provides for college and graduate scholarships for worthy North Carolina students.

**The Presser Foundation Scholarship.** A distinguished award of \$1,000 that is awarded in recognition of excellence to a senior who plans to become a teacher of music. The recipient is named a Presser Scholar.

**William W. Shaw Scholarship in Business Administration,** established by Peoples Bank and Trust Company in appreciation of William W. Shaw, provides scholarships for business administration majors. Mr. Shaw was formerly president and chairman of the board of Peoples Bank and is a Trustee Emeritus of North Carolina Wesleyan College.

**Baxter B. and Emma G. Slaughter Scholarship Fund.** A major endowed scholarship fund to aid students planning careers in church vocations.

**Stewardship, Lamplighter, and Dean's Award Competitive Scholarship Programs** provide scholarship awards of \$300 to \$1,000 for students who exhibit outstanding individual talent or leadership ability. Nominations are made by pastors of The United Methodist Church (for Stewardship Awards only), high school guidance counselors, College faculty and the Admissions

Office staff. Students who feel they may qualify may also nominate themselves. Appropriate tests, interviews, and/or auditions are required.

**Transfer Awards**, ranging from \$200 to \$1,000, are available to qualified students transferring to Wesleyan with at least 56 semester hours. Preference is given to students from a liberal arts program.

**United Methodist Scholarships.** Four, \$500 awards granted annually to Methodist students on the basis of academic merit.

**Women's Society of Christian Service Scholarships.** \$500 scholarships awarded to Methodist young ladies from the North Carolina Conference.

The following scholarships are also administered by the College. The amounts and periods of availability of scholarships may vary. A complete description of all awards is maintained by the Financial Aid Office and will be made available upon request.

### **ATHLETIC AWARDS**

---

N.C. Wesleyan is a member of the Dixie Intercollegiate Athletic Conference, which states as its basic principle that the conference remain an amateur athletic organization, without offering student financial aid based on athletic prowess. Although Wesleyan participates in intercollegiate athletics, the College does not offer or assign any athletic awards. However, students participating in intercollegiate athletics may be eligible for aid based on need and/or academic ability. Wesleyan is also a member of the N.C.A.A. Division III.

**A STUDENT MAY RECEIVE ONLY ONE SCHOLARSHIP OR GRANT FROM INSTITUTIONALLY FUNDED SOURCES.**

## STUDENT LIFE AND SERVICES

North Carolina Wesleyan College, in its concern for the intellectual, physical, and spiritual growth of its students, offers a varied student life program. The College recognizes that much individual growth is gained through activities outside the formal classroom setting. The student is encouraged to become involved in student government, religious and athletic activities, as well as clubs and societies, performing arts, social and cultural events and a variety of extracurricular activities. It is our belief that such participation will help students develop the best that is within them. We feel that Wesleyan's small college atmosphere of genuine care and concern fosters close personal relationships and encourages you to become involved in a total campus life.

The student life program at Wesleyan is designed to promote and support personal growth and enhance academic pursuits. We strive to provide an atmosphere that will encourage students to become the best they are capable of being academically, spiritually, and physically. The College community is committed to and places significant emphasis on Christian ideals and values in the day-to-day relationships of students and personnel.

All individual rights will be respected. In order to protect these rights, the College's regulations are formulated to provide an atmosphere that promotes individual growth among all students. Students are treated as adults and are expected to respect the rights and property of fellow students and the College. General visitation in residence halls by members of the opposite sex is prohibited except on selected weekends. College policy does not condone the use of alcohol on campus, and the use of illegal drugs is prohibited.

---

### STUDENT GOVERNMENT ASSOCIATION

---

A Wesleyan student will be a member of and be encouraged to take an active part in the Student Government Association (SGA). The SGA has established a number of commissions which help organize, promote, and regulate various campus programs. The interfaith, athletic, and social commissions are but a few of the organizations in which he or she can become involved.

Wesleyan students also enjoy representation at faculty meetings and on several committees of the Board of Trustees. The student body officers work closely with members of the faculty and administration on matters of mutual interest and concern.

---

## CONDUCT

---

All students are considered to be mature individuals who are able and willing to act responsibly as citizens

of the campus community. The Wesleyan Code states: "We, the people of the North Carolina Wesleyan College Community, do firmly intend:

- 1) that every student of the Community shall receive equal and fair treatment in all academic matters;
- 2) that every member of the Community shall maintain full right to his or her property and shall respect the property rights of all others;
- 3) that every member of the Community shall have his or her word taken without question and shall trust the word of all others."

Of course, the College reserves the right to be critical of students when it is apparent that they are not fulfilling their responsibilities in either their academic or social life as citizens of the College community. Such criticism can take many forms of which the most serious would be to ask a student to depart from our community, temporarily or permanently.

Some special rules established by the College administration and student body exist to provide awareness of what is expected. These are published in the Student Handbook which students will receive by the time they arrive on campus. By enrolling at Wesleyan, students indicate a willingness to cooperate and assume the responsibilities of upholding the regulations of the College community.

---

## RELIGIOUS LIFE

---

Religious commitment is one of the central reasons for the existence of North Carolina Wesleyan College.

We are convinced that academic achievement must be grounded in moral integrity and spiritual awareness.

Our aim is to make the Wesleyan campus a Christian community by emphasizing the positive values of Christian living through precept and example. The Wesleyan faculty has accepted the responsibility of conducting daily devotionals. The Interfaith Commission on campus conducts Bible studies and sharing sessions each week. There is no pressure on students to attend devotionals or religious services. Instead, the emphasis is one of a spirit on campus - an attempt to create a climate conducive to a Christian community where everyone is interested in everyone else, where we do everything we can to bring out the best in each other.

Though Wesleyan is sponsored by The United Methodist Church, the College is nonsectarian in its programs and encourages students to participate

in the church of their choice. Rocky Mount churches actively seek the presence and participation of Wesleyan students in their worship services, choirs, and other activities.

The College also plans many opportunities for religious activity. College chapel and religious-emphasis services are held with ministers, religious leaders, and faculty members as frequent speakers.

The College chaplain and campus minister share in the supervision of chapel, vespers, and other religious activities. Both have regular office hours for consultation.

---

## **SOCIAL AND CULTURAL EVENTS**

---

Two major groups are hard at work year round to ensure that the College and surrounding area are provided

with top-flight entertainment in the area of concerts and dances.

The Social Commission, a part of the SGA, is involved primarily in student entertainment. Traditionally, three major events come under the auspices of the commission: Homecoming, an outstanding concert, and Spring Fling. The best available contemporary groups are booked for these occasions, including regional groups and internationally known recording artists. In the recent past, the Social Commission has striven for a "total weekend concept," as in the case of Spring Fling, which features several events affording a complete weekend of entertainment.

Nash- Edgcombe-Wesleyan (NEW) Arts brings to the campus each year an excellent program of acclaimed artists. Past and future attractions include The Glenn Miller Orchestra, Dizzy Gillespie, the Richmond Sinfonia, and the Duke Ellington Orchestra. The NEW Arts organization also sponsors a film series, the Wesleyan College Theatre series, and a poetry series. Wesleyan students are automatic members of NEW Arts. All programs are available to the public by season memberships.

Each year a variety of lecturers visit the campus to speak on subjects ranging from surrealism to nuclear physics. There is no admission charge for these lectures.

Athletics events, campus movies, student concerts and recitals, the Wesleyan College Theatre productions, and band and choral concerts offer a wide variety of opportunities for social involvement.

---

## **PERFORMING ARTS**

---

Students with a talent for performing, whether in drama, or vocal or instrumental music, may choose to

participate in any of several student organizations in the performing arts.

The **Wesleyan College Theatre** presents several major productions each year. Participation is open to any student interested in the craft of theatre.

The **Wesleyan Singers**, the College's largest choral group, presents several formal concerts as well as other musical events each year.

The **Pro Arte** is a small group of selected singers who perform madrigals, chansons, folk and popular music.

The **Opera Workshop** consists of interested singers, actors, and dancers who perform programs from all types of musical theatre.

The **Wesleyan Concert Band** is a concert organization open to all students. Separate woodwinds and brass ensembles are active outgrowths of this group.

Other official and unofficial groups perform for social functions at the College and in the surrounding communities.

student publications at Wesleyan.

Students with abilities in writing, photography, or art have an opportunity to work with one of three stu-

The **Decree**, the official College newspaper, reports activities, gives an opportunity for expression of ideas, and helps shape campus sentiment. Contributions are encouraged from all members of the College community.

**Aspects**, the College literary magazine, includes a variety of literary styles representative of the kinds of writing being done at the College.

The **Dissenter**, the College yearbook, is an illustrated record of each year's activities. Full-time students enrolled in the day program will receive a yearbook at no charge. All other interested persons may purchase a yearbook for \$5.00.

---

## CLUBS AND SOCIETIES

---

has the use of a room in a residence hall as a lounge for its members.

Three local social fraternities and two local social sororities are now functioning on campus. Each group

The number and variety of clubs are subject to change as student interests change. A sampling of organizations currently active on campus is as follows:

**Honorary Society.** The Wesleyan Circle of **Omicron Delta Kappa** is a national leadership honorary fraternity. It is composed of outstanding young men and women who have excelled academically and participated significantly in extracurricular activities. The Wesleyan Circle is one of only four in North Carolina.

**Educational.** The **Student National Education Association** and the **Student North Carolina Association of Educators** are organizations open to all Wesleyan students interested in a career in education. Members have the opportunity to attend state and district conferences. Programs inform members

of existing problems in education, new teaching methods, and provide practical advice for professional preparation in teaching.

**Scientific** - Alpha Omicron Chapter of **Chi Beta Phi**, a national fraternity for men and women, promotes scientific interest and acts as a unifying body for the various science majors.

**Theatrical - Theta Alpha Phi** is a national theatre honors fraternity. Its purpose is to increase interest, stimulate creativeness, and foster artistic achievement in all of the allied arts and crafts of the theatre.

**Musical** - The **Student Music Educators National Conference** chapter was chartered in 1967 at Wesleyan. It is affiliated with the North Carolina Music Educators Association and is open to all students interested in the teaching of music. Its purposes include professional development, presentation of programs and demonstrations, and assisting the College in various projects throughout the year.

**Religious - The Interfaith Commission**, a part of the executive branch of the SGA, assumes the responsibility for all religious programs produced by the students. Its main purpose is to draw many denominations into one body, encouraging the religious fellowship of all students on campus. Some of the Commission's activities have included a Parents' Weekend Service, sponsorship of spiritual groups such as "Morningstar," sunrise happenings, the coordination of on-campus Sunday morning worship with student preachers, and sponsorship of the daily devotional program and regular study and discussion sessions.

The **Wesleyan Christian Fellowship** is a group of students who come together to share Christian ideals. Annual spring and fall retreats are sponsored by the group.

**Students-In-Ministry** is composed of students who intend to enter the ministry. The group sponsors meetings at which invited speakers share with the group.

**Theta Alpha Kappa** is a national theological and religious honor society. Its purpose is to further the study of theology and religious studies by encouraging research, good teaching, publications, and an exchange of learning and thought among scholars.

**Physical Education.** Pi Sigma Phi is an organization which contributes to the profession of physical education and aids in the development of men and women who are strong in body, mind, and spirit.

---

**SPECIAL INTEREST  
ORGANIZATIONS**

**Black Student Alliance.** Activities designed to increase the College community's awareness of Black culture

are sponsored by the Black Student Alliance.

**College Republicans.** Participation in activities of the Republican Party are encouraged by this group as a means of obtaining a practical political education.

**Compass Club.** This campus organization, sponsored by the Rocky Mount Pilot Club, encourages the development of leadership and initiative on the part of its members.

---

**ATHLETICS AND  
RECREATION**

The College program in athletics and physical and recreational education seeks to give you every opportunity

to develop knowledge and skills in sports and recreation during your college career. The physical education program includes a variety of required and elected courses to develop your basic skills.

The Student Union of the College houses, in addition to various student activity offices, a student lounge and game room, and the office of the Vice President of Student Life.

**Gymnasium.** The gym is open to members of the student body during regular hours when classes, varsity practice, or other special events are not being held.

A weight and exercise machine featuring six different weight-lifting exercise combinations and a knee and thigh weight machine are available to all students. The weight room is located in the gym and is open to students during regular gym hours.

**Intramurals.** Friendly competition in a variety of sports is open to men and women on an intramural basis. Facilities are available for tennis, soccer, baseball, softball, football, basketball, volleyball, and other sports. Campus competition is planned in many of these sports on a regularly scheduled basis.

**Bicycle Racing Club.** The College sponsors an active cycle club which participates in various races and workshops throughout the year.

**Varsity Athletics.** N.C. Wesleyan College is a member of the Dixie Intercollegiate Athletic Conference and N.C.A.A. Division III. The other members of the Dixie Conference are Averett College, Christopher Newport College, Greensboro College, Methodist College, St. Andrews Presbyterian College, UNC at Greensboro, and Virginia Wesleyan College.

The College participates in intercollegiate competition in soccer, basketball, baseball, golf, and tennis. There are separate women's teams in basketball,

volleyball, and softball.

Other team sports such as track, cross-country, and wrestling may be offered, depending on the amount of student interest.

**Cheerleaders.** Cheerleaders are an integral part of the athletic program and lead cheers at basketball and soccer games. Tryouts are held each year and a captain and co-captain are selected by those chosen. Any student wishing to become a member is welcome to try out.

---

## **GUIDANCE**

---

As an undergraduate a student will be given faculty and staff aid to ensure that he or she makes the most of the educational opportunities. Our guidance program operates to help students examine, evaluate, and choose realistic personal goals.

Upon arrival students will participate in various orientation meetings and activities designed to acquaint them with the new environment and to smooth the transition from high school or other life experience to college.

To place students in proper classes and to identify special needs, students will take a series of aptitude and achievement tests. Where indicated, additional tests of intelligence, aptitude, personality, and interest may be given.

A faculty advisor will be assigned who remains so until the selection of a departmental major. At that time, students will be assigned an advisor from the subject area selected who will give closer guidance in a particular field of study.

A faculty advisor is concerned with any academic or personal problems. Advisory approval of courses must be obtained prior to registration. Additional advice or counseling may be obtained from the Director of Student Services.

**Graduation Advisory.** Once students have accumulated ninety semester hours and achieved senior status, the Registrar automatically reviews the record and develops a written degree advisory. The purpose of this advisory is to provide each student with a specific listing of the graduation requirements which remain to be completed. This system, combined with the College-wide advisor system, enables one to fulfill the ultimate responsibility of completing all graduation requirements.

Every student admitted to N.C. Wesleyan College is admitted to a degree completion program of a minimum of 124 semester hours. This program is usually completed in four academic years or less. Every student has a faculty advisor for guidance in planning the particular field of study. Other counseling resources are available to help the student follow his or her program with minimum difficulty. However, the ultimate responsibility of degree completion lies with the student. Advisors of appropriate administrative officers should be consulted whenever there is doubt concerning any matter.

**Career Planning and Placement.** We maintain a collection of vocational, occupational, and educational information which is updated constantly to provide the best possible material for career plans.

Through the office of Career and Life Planning, we make every effort to place our graduates by providing information on employment opportunities, arranging interviews with prospective employers, and furnishing records and recommendations as requested for employment or further study in graduate or professional schools.

Faculty advisors or other interested faculty members will also assist in career vocational counseling.

---

### **MEDICAL SERVICES**

The College makes available to students the services of the campus infirmary and the College nurse (an R.N.). The College retains five physicians who are located in Rocky Mount. Normal and usual professional services of these physicians are available without charge. Cost of prescriptions, medications, diagnostic tests, x-ray, transportation, and hospital treatments, whether on an in-patient or out-patient basis, are the responsibility of the student and the student's parents.

Rocky Mount offers excellent medical care in all specialties. The modern facilities of Nash General Hospital are within a fifteen-minute drive from the campus.

---

### **HEALTH AND ACCIDENT INSURANCE**

Health insurance is the responsibility of each student and his or her parent. Even though the College does not carry a health insurance policy for students, it does provide an optional program for individual students who, if they choose to participate, will be responsible for the required premiums. All resident students are required to pay a health services fee of \$20.00 per semester which provides them with an accident insurance policy in addition to all other health services. Men and women representing the College in athletic competition are covered by this fee and policy while participating in varsity athletics.

---

### **VETERANS' AFFAIRS**

N.C. Wesleyan College is approved for veterans' educational benefits. Veterans and servicemen who qualify for veterans' assistance may expect to receive assistance from the College in obtaining these benefits. Wives, widows, and children of disabled or deceased veterans may also apply for benefits while they are Wesleyan students.

Veterans Administration regulations concerning class attendance, conduct, and rate of progress are in effect. Withdrawal from or unsatisfactory completion of courses may result in termination of VA benefits and return of previously awarded benefits for that term of enrollment. For pay purposes, eligible students may take only courses which are applicable to their graduation requirements. All eligible students should familiarize themselves with the College's policies, particularly those regarding attendance, conduct, and standards of progress.

An Officer of Veterans' Affairs is available on campus to provide information about VA benefits and regulations, assist eligible students in their applications for funds, and certify enrollment. Questions concerning benefits should be directed to this officer.

Records of progress are kept by this institution on veteran and non-veteran students alike. Progress records are furnished the students, veterans and non-veteran alike, at the end of each scheduled school term.

---

### **THE COLLEGE, YOUR PARENTS, AND YOU**

A significant part of Wesleyan's educational process is that the College considers the student to be an adult and a responsible person. All matters of academic, campus, and financial responsibility are between the College and the student.

Reports on grades, matters of discipline (either academic or social), and all other communications regarding your progress will be made to the student.

Parents are invited to communicate at any time directly with us. We will be pleased to respond and share information with them, but it is the student's responsibility as a mature person to keep your parents informed of college progress, adjustment, grades, and plans.

---

### **INTERNATIONAL STUDENTS**

North Carolina Wesleyan College welcomes international students to its campus and academic programs. The College is aware of problems peculiar to students from other cultures and countries. A faculty member serves as international student advisor and works with international students, utilizing College and community resources to promote a meaningful and successful educational experience.

The Admissions Office provides prospective international students information pertaining to applications, procedures, policies, fees, and payments due.

The College does not have any specific funds set aside for aid to international students, however, foreign students who are permanent residents of the U.S. are eligible to apply for the Basic Educational Opportunity Grant. (PELL Grant)

The College is not able to provide housing and board service for international students during vacation periods. Each student is responsible for arranging his or her own food and housing during periods when the College residence halls and cafeteria are closed. The international student advisor may be able to assist students in locating housing in the area. Students are expected to be financially responsible for these accommodations.

---

### **CAMPUS HOUSING**

The College provides four dormitories on campus to house resident students. Each of the residence halls will accommodate a maximum of 115 students in rooms that are especially

designed and furnished for double occupancy. Currently, males occupy two of these halls and females occupy the other two.

Students are required to reside on campus unless they are married or live within a normal commuting distance with their immediate family. The only exceptions to this residency requirement are granted by the Vice President of Student Life upon petition from the student.

## COMPLAINTS

If students have complaints concerning individuals or services they should register their complaint with the person in charge of the particular service or area involved. The Student Handbook lists "where to go for what" and "who to see" sections.

They may at times be unable to distinguish exactly who or what area is responsible for a service since most responsibilities are shared. In these cases students should seek the assistance of the Student Life Office. That office will be happy to help you contact the appropriate responsible party in working toward a solution to any problem.

# THE EDUCATIONAL PROGRAM

The academic regulations and the courses of instruction that follow are designed to provide a diverse and flexible program for all students. These programs have been planned by an excellent faculty who intend that all instruction at N.C. Wesleyan will be personal and designed to meet the academic needs of students who have a variety of interests and talents. Each student is urged to read all regulations carefully and to study courses of instruction in all areas in order to help plan his or her own educational program.

In order to understand the options available, students should become familiar with these terms:

## **Scheduled Course**

Any catalog course or approved group study that is listed on a term schedule and is taught in standard weekly class meetings.

## **Unscheduled Course**

Any catalog course or approved group study that is taught by special arrangement with the instructor. These courses have the same content and requirements as scheduled courses. However, the instructor and the student have the privilege of designing the method of study. The usual registration procedures must be followed.

## **Group Study**

Any course that has not been approved officially by faculty action, but has been temporarily authorized by the Academic Dean, usually on an experimental basis.

## **Independent Study**

An area of study not listed in the Catalog on any topic of interest to the student. However, such a study must have the endorsement of an instructor and a proposed contract must be submitted to the Academic Dean for approval.

**Challenge**

Any situation wherein a student already possesses the level of knowledge required or degree of competency needed in a given course and which can be demonstrated to the satisfaction of the instructor involved. Not all scheduled courses or group studies may be challenged. For further information, interested students should contact the Office of the Academic Dean.

**Standardized Testing**

Credit may be received for any N.C. Wesleyan course by taking an approved national standardized test for measuring achievement. CLEP (College Level Examination Program) and other standardized tests may be used to determine the levels of satisfactory achievement for academic credit.

Through these options there are many ways in which one can be educated and earn a degree at N.C. Wesleyan College, including the design of interdisciplinary majors and concentrations. Faculty advisors and/or the Academic Dean will help create programs of studies to meet the special needs and interests of students.

---

**DEGREES AND MAJORS AVAILABLE**

N.C. Wesleyan offers two degrees: the Bachelor of Arts (B.A.) and the Bachelor of Science (B.S.)

B.A. degrees are available in Behavioral Studies, Biology, Business Administration (with concentrations in Accounting and Hotel and Food Services Management), Chemistry, Economics, English, Environmental Science, History, Mathematics, Music, Philosophy-Religion, Politics, Psychology, Religion, Sociology and Anthropology, and Theatre.

B.S. degrees are available in Biology, Chemistry, Criminal Justice, Education, Fish and Wildlife Management, Mathematics, Physical Education, and Psychology.

---

**SPECIAL ACADEMIC PROGRAMS**

**Auditing.** Individuals who wish to attend a particular course for their own enrichment may do so with

permission of the Academic Dean. Such students are charged a lesser fee. Audit courses carry no academic credit.

**Continuing Education Unit.** Qualified students who wish CEU credits for a variety of external certification programs and who do not desire regular semester hour credits nor a N.C. Wesleyan degree, may take any scheduled course for CEU credit. Such students must complete all work assigned but are graded on a "Pass/No Credit" basis. Permanent records of CEU credits earned are kept. Tuition rates are considerably lower. A Certificate in General Studies may be

earned by those who satisfactorily complete ten units in each of the following categories: humanities, the natural sciences, the social sciences, and electives.

**Contract Learning.** Students may enter into a contractual relationship with an instructor (Independent Study) or the College and an employer (Internship or Cooperative Education) as a method of gaining specific skills or knowledge not usually provided by the College curriculum.

It provides the student with the means to document and measure the learning that takes place in a variety of settings. Also, it can inject greater meaning into the educational process and lead to an increase in self-confidence, self-discipline, and a sense of responsibility.

With the advice of a faculty sponsor the student constructs a set of learning objectives which interrelate classroom learning with that experienced outside of the classroom or off-campus. The objectives can be limited to a single course or extended to a semester of study.

**Cooperative Education.** The co-op student will arrange alternating combinations of off-campus, compensated, work experience, with classroom study. The intention is to incorporate work experience into the student's academic program.

**Independent Studies.** These are areas of study not listed in the Catalog and may be on any topic of interest. However, such studies must have the endorsement of an instructor, and a proposed learning contract must be submitted to the Academic Dean for approval. Before undertaking an independent study a student should:

1. Have completed a minimum of twenty-four semester hours of college credit, twelve of which have been at N.C. Wesleyan.
2. Have a minimum overall grade average of "B."
3. Have completed at least nine hours in the major if the Independent Study is in the major area and six semester hours in a subject outside the major area.
4. Not use an independent study to satisfy a basic or divisional graduation requirement.

**Internship.** The College seeks to extend its services and curricula through the Internship Program. An internship is an academic course open to a student with permission and subject to availability.

The student may select an existing internship or propose an internship arranged on his own. A faculty member is assigned to assist the student in writing a learning contract, specifying the terms of the internship.

Note: There are specific regulations and criteria for participation in each of the Contract Learning programs. The student must contact the Office of the Academic Dean before approaching potential employers for internship or cooperative education arrangements.

The **Convocations Program** is designed to provide the College with a sense of community, to create an atmosphere of intellectual stimulation in the student body, and to provide an opportunity for cultural enlightenment and exposure. The program is based on the principle that participation in cultural and social activities is a valid and worthwhile endeavor.

There are three components of the convocations program:

1. Periodic college-wide meetings including the Opening Convocation in September, Founders Day Convocation in October, and Honors Convocation in May. One other meeting, to be held in the Spring, will be announced.
2. At least one symposium per year, usually for a two-day period of time, that will concentrate on a theme or issue of current significance.
3. Attendance at various cultural, religious, athletic, or social activities held throughout the year.

Plans for the above components will be announced at the beginning of each term, along with the requirements for fulfillment of convocations program credits. All full-time students enrolled in on-campus courses will be required to participate. No semester hours credit will be awarded, but convocations credits must be earned according to the following table.

Number of Full-Time Terms Enrolled	Number of Credits of Convocation Required
1	1
2	1
3	2
4	3
5	4
6	5
7	5
8	6

**Developmental Studies Program.** In order to ensure a quality education for all of its students, N.C. Wesleyan requires those who are minimally prepared in basic skills to take a full semester of developmental course work before entering the regular curriculum. These courses supply the academic preparation which marginally prepared students need to succeed in their college careers. Student are placed in this program on the basis of their scores on placement tests, which are given to all new students prior to registration for their first term of study.

The program consists of four three-hour courses: Mathematics 090, English 090 (Basic Writing), English 089 (Basic Reading), and Science 090. These courses are graded on a Pass/No Credit basis. In order to receive credit for each course, the student must achieve proficiency in that subject area. Throughout the semester, students receive academic counseling, and their progress is closely monitored. Students who need additional help may be referred to

academic support services such as the Learning Resource Center and the Writing Lab for individualized, tutorial assistance.

During the last week of the term, each student's performance is carefully evaluated by a faculty committee, which decides whether the student should continue on a regular basis, on a probationary status, or be suspended from the College. Students who are allowed to continue on a probationary basis will be limited to taking twelve hours during the succeeding term. The committee will submit a formal recommendation regarding each student to the Academic Dean, who will take the appropriate action. It should be noted that any student in this program is subject to suspension after only one term of study at N.C. Wesleyan. During the final examination week, each student in the program will meet with the program director, who will evaluate his or her progress and inform the student of the committee's recommendation. Students who are suspended may appeal their suspension through the office of the Academic Dean.

Because these courses teach basic skills which should already have been acquired by entering freshmen, they do not fulfill any of the college's lower or upper division requirements. Instead, each one carries three semester hours of elective credit toward graduation from N.C. Wesleyan. Because they are actually pre-college courses, they are not transferable to other institutions.

**Evening College.** There are many persons who desire a college education but who cannot attend day classes. Among these are those in the work force whose ambition is upward mobility and those in mature years who want a life enriching experience of a quality that is comprehensive and demanding.

N.C. Wesleyan College has developed an Evening College Division through which an individual may earn, by attending evening classes only, a bachelor's degree in Business Administration, Criminal Justice, or the Liberal Arts.

Interested persons should contact: the Director of the Evening College and Continuing Education, North Carolina Wesleyan College, Wesleyan Station, Rocky Mount, NC 27801.

**Extension Education.** N.C. Wesleyan's extension education programs in Raleigh and Goldsboro offer working adults in these areas an opportunity to complete a baccalaureate degree program through evening courses. Business Administration, Psychology and other majors are available. The College maintains a resident counselor at the Education Center, Seymour Johnson Air Force Base in Goldsboro; the Raleigh program is served by the Extension Education office through weekly visits.

Interested persons should contact: The Director of Extension Education, North Carolina Wesleyan College, Wesleyan Station, Rocky Mount, NC 27801.

**Gerontology.** A program for students completing majors in fields in which gerontological studies would serve as an entry into positions which involve working with older members of our society. The concentration will provide a substantial background for those planning to be certified by the state of North Carolina as Nursing Home Administrators. Five, three hour courses will be offered by the departments of Psychology, Business Administration, Sociology

and Religion.

Information on this program may be obtained from the Office of the Academic Dean.

**The High School Credit Bank Program** is designed for well motivated high school juniors and seniors with good academic records who want to earn college credits while still in high school.

Successful completion of a course or courses will earn regular college credits, applicable at a later date to a degree program at the College or used for transfer to another institution at the time of high school graduation.

**Interdepartmental Majors.** In order to adequately meet the total educational needs of our students, N.C. Wesleyan has designed interdisciplinary majors in several areas. Each of these majors enables students to combine regular courses from at least two departments to meet particular educational goals.

#### Majors Available

Behavioral Studies  
Elementary Education  
Environmental Science  
Fish & Wildlife Management  
Politics

Secondary Education  
Sociology & Anthropology

#### Interdisciplinary Areas

Anthropology, Psychology, and Sociology  
Education plus course work from all divisions  
Biology, Chemistry, and Physics  
Biology, Chemistry, and Mathematics  
Biology, Economics, History, Philosophy,  
Politics, and Sociology  
Education plus a selected major area  
Anthropology, History, and Sociology

### ACADEMIC POLICIES

It is very important that students become familiar with all the academic regulations pertaining to their programs of study. The final responsibility for meeting all academic and graduation requirements rests with the student.

**Divisions of the Curriculum.** Courses offered at N.C. Wesleyan are grouped under divisional headings. The Division of Humanities includes Art, English, French, Humanities, Music, Philosophy, Religion, Spanish, Speech, and Theatre. The Division of Social Sciences includes Business, Criminal Justice, Economics, Geography, History, Politics, Psychology, and Sociology. The Division of Education and experimental programs includes Elementary Education, Secondary Education, Physical Education, and special projects. The Division of Sciences includes Biology, Chemistry, Mathematics, Physical Science and Physics.

#### Graduation requirements:

English 111, 112	6 Semester Hours
Religion 101	3 Semester Hours
Philosophy or Religion elective	3 Semester Hours
Mathematics 111	3 Semester Hours
Physical Education including P.E. 100	2 Semester Hours
Convocations (see Educational Programs)	1-6 Terms

**Area Requirements.** In order to provide all Wesleyan students a broad and general educational background, the College requires that each student complete a number of courses in each of the areas of humanities, sciences, and social sciences. These courses must be lower level, numbered below 300 in the College Catalog. Independent studies and group studies are applicable to the area requirements if specifically designated in the approved descriptive contracts. Courses that are transferred from another institution, but do not transfer as Wesleyan course equivalents, may be used to satisfy area requirements if approved by the Registrar.

Area Requirements - These courses are in addition to the basic requirements:

**HUMANITIES** (minimum 9 semester hours)

Art, Music, or Theatre Minimum - One Course

English, French, Humanities,  
Philosophy, or Spanish Minimum - One Course

Elective from either group Minimum - One Course

**SCIENCES** (minimum 7 semester hours)

Biological Science Minimum - One Course

Physical Science Minimum - One Course

**SOCIAL SCIENCES** (minimum 9 semester hours)

Courses from at least two  
disciplines Minimum - Three Courses

**WESLEYAN COURSES BY AREA:**

**Humanities**

Art 101, 201

English 115, 203, 204, 205, 206

French 111, 112, 201, 202

Humanities 101, 102, 201, 202, 203

Music 103, 104

Philosophy 201, 202

Spanish 111, 112, 201, 202

Theatre 115, 125

**Sciences**

Biology 101, 121, 122

Chemistry 111 (any two modules)

Physical Science 121, 122

Physics 101, 102, 103, 104, 105,  
106, 107 (any two modules)

**Social Sciences**

Business 111

Economics 111

Geography 101

History 101, 102, 111, 112, 225, 228

Politics 111, 112, 211

Psychology 111

Sociology 101, 210, 225, 228

**Other Requirements:** TOTAL HOURS - A minimum of 124 semester hours of credit must be satisfactorily completed.

RESIDENCE REQUIREMENT - A minimum of 24 semester hours as a full-time student or 30 semester hours as a part-time student must be earned as credit with Wesleyan.

AVERAGE GRADE - A minimum average grade of C must be attained for all course work completed at Wesleyan and presented for graduation. A minimum average grade of C must be attained for all courses in a student's major departmental discipline.

UPPER LEVEL HOURS - Students majoring in the areas of Education, Criminal Justice, or Science must complete a minimum of 32 upper level semester hours (numbered 300 and above in the College Catalog). Students majoring in Behavioral Studies or the areas of Humanities or Social Sciences must complete a minimum of 40 upper level credits. Environmental Science, Fish and Wildlife Management, or technology majors are required to complete a minimum of 24 upper level credits. Transfer students must earn a minimum of six upper level hours in their major at Wesleyan.

MAJOR FIELD OF STUDY - Each student must fulfill the minimal requirements for at least one major field of study as listed in this Catalog. It is permissible for a student to satisfy the requirements for more than one major.

AREA CREDIT - No more than 40 semester hours of credit in any single departmental area may be applied towards graduation except in the areas of Music and Criminal Justice. Limitations in these area are determined by student circumstances and advisors.

**Application for Graduation.** Every student who plans to graduate from N.C. Wesleyan must complete and submit an application for graduation. This application must be submitted to the Office of the Registrar no later than December 1 of the senior year.

**The Placement Testing Program.** All new students, both freshmen and transfer, are required to take a series of placement tests prior to registering for their first term of study. These tests are administered at specified times and all new students are notified of the testing schedule. The tests have no bearing on admission to the College; the scores are used for placement purposes only.

**Student Classifications.** FULL-TIME STUDENT. A student accepted as a degree candidate enrolled for at least 12 semester hours during a regular term or at least 6 semester hours during a summer session.

PART-TIME STUDENT. A student accepted as a degree candidate enrolled for fewer than 12 semester hours during a regular term or fewer than 6 semester hours during a summer session.

NON-DEGREE STUDENT. Any enrolled student who does not wish to seek acceptance as a degree candidate.

RESIDENT STUDENTS. All students are required to reside in campus residence halls unless they are married, living in the community nearby with their immediate family or close relatives, or are granted approval under guidelines established by the Vice President for Student Life.

**NON-RESIDENT STUDENTS.** All students who do not reside in the campus residence halls but are enrolled in any one of the N.C. Wesleyan day, evening, or extension programs.

**Class Standing.** New and transfer students with fewer than 24 semester hours, enter as freshmen. A student must have earned at least 24 semester hours to be classified a sophomore; 56 semester hours, a junior; and 90 semester hours, a senior.

**Academic Load - Grading System.** An academic load includes all semester hours for which a student registers. The usual full-time load is 12 to 16 semester hours for the regular terms and 6 to 7 semester hours during each summer session. Any academic load which exceeds the recommended maximum must be approved by the Academic Dean; overload tuition is charged on a semester hour basis.

Listed below are the two grading systems at N.C. Wesleyan College; Regular Letter Grades and Credit Only Grades. Registration for a course assumes the student will be evaluated on Regular Letter Grades unless the option of Credit Only grading is noted at the time of registration. If a student plans to go beyond the baccalaureate level (graduate school), it is wise to take most courses on the Regular Letter Grade basis.

## Grading System

### Regular Letter Grades

A — Excellent 4.0  
B — Very Good 3.0  
C — Satisfactory 2.0  
D — Passing 1.0  
NC — No Credit

### "Credit Only" Grades

P — Passing  
NC — No Credit

### Other Grades

Inc. — Incomplete (may become any grade when work is completed.)  
-IP — In Progress (may become any grade no higher than "C" when work is completed)  
W — Withdrawal from school during first two weeks of the term.  
WP — Withdrawal Passing (after second week of classes)  
WNP — Withdrawal Not Passing (after second week of classes)

All grades submitted at the end of each term will be permanently recorded.

An incomplete (Inc.) or In Progress (IP) must be removed within eight weeks following the end of the term. If the Inc. or IP is not removed in the required time, a grade of NC will be recorded.

No student may register for an Independent Study or an Unscheduled Course with an Inc. or IP on his or her record.

**Credit by Examination.** College credit is available through examination as follows:

ADVANCED PLACEMENT EXAMINATIONS administered by the College Entrance Examination Board in Princeton, New Jersey, through a local high school.

COLLEGE LEVEL EXAMINATION PROGRAM (CLEP) administered by the College Entrance Examination Board in Princeton, New Jersey, or through N.C. Wesleyan College.

COURSE CHALLENGE. A method by which a student challenges by examination selected courses in the catalog. This examination may be written or oral. The course instructor is the sole judge of whether the objectives of the course have been successfully met.

**Schedule of Course Offerings.** Introductory courses in subject areas are normally offered annually. Upper-level courses are offered either annually or in alternate years. A complete listing of courses and the schedule of classes for each term will be furnished to you before each registration period.

You will find some courses which call for a prerequisite course. You will need to take the prerequisite course first or you must offer a proven equivalency of knowledge. Equivalency proficiency may be shown by satisfactory scores on the College Board Achievement Tests, by placement tests, or other testing devices administered by the Wesleyan staff. Sometimes, permission of the instructor is required for a given course; this will be indicated.

### **The Course Numbering System.**

- 0 — 99 Developmental Courses
- 100 — 199 Freshmen Level Courses
- 200 — 299 Sophomore Level Courses
- 300 — 399 Junior Level Courses
- 400 — 499 Senior Level Courses

Courses numbered 300 and above are considered upper level courses.

**Academic Standing.** Each student's performance is reviewed at the conclusion of the Fall and Spring Terms by the Academic Dean. This review is both qualitative (grades achieved) and quantitative (semester hours completed) according to the following guidelines:

QUALITATIVE. A cumulative average grade of "C" or above on all credit earned at N.C. Wesleyan must be maintained.

QUANTITATIVE. Reasonable progress toward degree completion must be shown at the end of each term.

A student who does not complete at least two thirds of any work taken during a regular term (withdrawals, incompletes, and in progress grades are included in this computation) may be placed on academic probation. Such probation will limit the number of semester hours allowed in the next term and

will prohibit enrollment in an independent study or unscheduled course. A student will be removed from probation by attaining a cumulative grade average of "C" or better and by completing three-fourths of the semester hours for which the student is enrolled in the next regular semester. The academic load is, for probation purposes, determined prior to the drop/add period.

A student will be suspended if:

1. He or she does not receive credit for at least one half of the courses in which the student is enrolled.
2. The student has not made sufficient progress toward the required cumulative "C" average.

**Graduation Honors.** You must have earned a minimum of 60 semester hours of credit at North Carolina Wesleyan, of which at least 48 semester hours are on the "A-NC" grading system, to qualify for graduation honors.

**SUMMA CUM LAUDE** — Of the courses you take for grades, you must have a minimum of 75 percent of the semester hours as "A" with the remaining semester hours being "B."

**MAGNA CUM LAUDE** — Of the courses you take for grades, you must have a minimum of 50 percent of the semester hours with an "A" with the remaining semester hours being "B."

**CUM LAUDE** — Of the courses you take for grades, you must have a minimum of 40 percent of the semester hours as "A" with the remaining semester hours "B" and "C." A maximum of 10 percent of the total semester hours may be "C."

**Departmental Honors.** You must complete a minimum of one-half of your required semester hours in your major on the "A-NC" grading system at Wesleyan to qualify for departmental honors.

Of the courses you take for grades in your major, you must have a minimum of 50 percent of the semester hours as "A" with the remaining semester hours being "B."

**Transfer Honors.** You must complete a minimum of 30 semester hours on the "A - NC" grading system to qualify for honors. Of the courses you take for grades, you must have a minimum of 50 percent of the semester hours as "A" with the remaining semester hours as "B."

**Academic Dean's Honor List.** A Dean's Honor List will be compiled only for the Fall and Spring Terms. To be eligible for inclusion on the Dean's Honor List, you must carry a minimum of 12 semester hours of work for grade.

You must complete successfully all of the semester hours for which you are registered at the end of the official drop period. Any grade other than "A" or "B" will prevent your inclusion on the Dean's Honor List, and you must have received the grade of "A" in three-fourths or more of the semester hours taken for grades.

**Academic Dean's List.** A Dean's List will be compiled only for the Fall and Spring Terms. To be eligible for inclusion on the Dean's List, you must carry a minimum of 12 semester hours of work for grade.

You must complete successfully all of the semester hours for which you are registered at the end of the official drop period. Any grade other than "A" or "B" will prevent your inclusion on the Dean's List and you must have received the grade of "A" in one-fourth or more of the semester hours taken for grade.

**Schedule Changes (Drop-Add).** You may make changes in your schedule of courses by completing a "Drop-Add" card, which is available in the Registrar's Office; obtaining the signed approval for the change from the course instructors involved, your faculty advisor, and the Business Office; and returning the completed "Drop-Add" card to the Registrar's Office. Any change of schedule which causes a course overload must be approved by the Academic Dean.

The deadlines listed below apply to all changes in schedule made during a regular term.

The seventh calendar day following registration is the last day to register late or add a course. After this date, a fee of \$5.00 will be charged for every schedule change.

The fourteenth calendar day following registration is the last day to drop a course with no notation on the academic record or to change from the regular grading system to "credit only," or vice versa.

"Any course dropped after the 14th calendar day following registration will be assigned a grade of "WP" if the student is passing at the time the course is dropped or a grade of "WNP" if the student is not passing. The last day to drop a course is the Friday following the last day of mid-term exams; no course may be dropped for a "WP" or "WNP" grade after this date."

The last day to drop a half-term course is the mid-term point of that course.

Students should pay particular attention to procedural directions printed on the forms provided by the registrar. No course is officially dropped or added until the required procedure is completed.

**Withdrawal from College.** Before a student may withdraw from Wesleyan, he or she must complete withdrawal forms in the office of the Academic Dean and have them approved by the Registrar and the Business Office. Failure to complete this process at the time of withdrawal may result in academic suspension.

**Class Attendance.** All students are admitted to Wesleyan with the understanding that they are mature and responsible enough to meet their obligations for all class assignments, including attendance. Punctual attendance is required for every class and laboratory session except in cases of illness, unavoidable circumstances, or College extracurricular activities as approved by the Academic Dean.

Individual instructors determine their own specific policies towards class attendance for each of their courses. However, attendance records are maintained, and three consecutive, or five total, unexcused absences will result in an automatic suspension (grade of "NC") from the course or courses involved.

## PLAGIARISM AND CHEATING

---

The College and the faculty guarantee the integrity of the academic process. Since cheating and plagia-

rism are threats to this integrity, all members of the College community must work together to prevent its occurrence.

The instructor in any course assumes the responsibility for fair evaluation of academic progress, and is obligated to explain at the beginning of each course how the College's policy on cheating and plagiarism applies to that particular course. Students are expected to perform honestly and to work in every way possible to eliminate cheating by any member of a class.

**Definitions.** Cheating means the giving or receiving of information illicitly with the intent to deceive the instructor in his effort to grade fairly any academic exercise. Plagiarism is "to take and use as one's own the thoughts, writings, or inventions of another" (Oxford English Dictionary). It is plagiarism when one uses direct quotations without proper credit and appropriate punctuation, and when one uses the ideas of another without proper credit.

**Procedures.** All charges of cheating or plagiarism must be handled by the instructor of the course in which a violation occurs. If, upon investigation, an instructor believes a student is guilty, the evidence is presented to the Academic Dean for further investigation. If the Dean and the instructor find the student guilty, a written report of the incident is placed in the student's permanent folder. The following penalties shall apply:

First Offense - No credit on the assignment involved.

Second Offense - No credit for the course in which the second offense occurred.

Third Offense - At least one semester suspension from the College.

All decisions by the Academic Dean are subject to review by an honor committee appointed each year by the Dean and made up of three faculty members and two students. The honor committee will review the charges, hear all evidence, and either uphold or overturn the decision of the Dean and the instructor, but will not have the right to change the penalty. All decisions of the honor committee will be by majority vote.

**Family Educational Rights and Privacy Act.** The College respects the confidentiality of students' records and complies with the guidelines established by the Family Educational Rights and Privacy Act of 1974 (PL 93-390/93-568). Under the jurisdiction of the U.S. Department of Education, the Act regulates the release of information about students. Directory information (student's name, address, telephone number, date and place of birth, major field of study, participation in officially recognized activities and sports, weight and height of athletic team members, dates of attendance, degrees and awards received, most recent educational institution attended, and other similar information defined as directory information) may be released with student con-

sent. No other information about a student will be released to any party without written authorization of the student. Exceptions to this provision include personnel of the College with valid purpose of inquiry and certain state and federal agencies or offices. Additional information concerning the Family Educational Rights and Privacy Act may be found in the Student Handbook. A copy of the Act and recommended guidelines is available in the Registrar's Office for inspection.

# COURSES OF INSTRUCTION

## ACCOUNTING (see Business Administration)

## ART

### ART 101 Art Appreciation

**3 Semester Hours**

An introduction to the understanding and appreciation of the visual arts through a broad survey of the principles of art.

### ART 102 Art Education

**3 Semester Hours**

An introduction to various philosophies of art education including practice in selected media and techniques.

### ART 201 American Architecture

**3 Semester Hours**

A study of the development of American architecture from the 17th Century to the present with emphasis on social and cultural meanings of architecture as well as stylistic changes.

### ART 203 Graphics Design I

**3 Semester Hours**

Basic drawing with emphasis on communication through perspective, proportion, shade and shadow, texture, and line quality. Media include pencil, charcoal, chalk, conté, pen and ink, brush and ink, and felt tip pens. Topics covered include visual balance, contrast, organization, and figure/ground relationships.

### ART 204 Graphics Design II

**3 Semester Hours**

Emphasis on the role of the graphic arts in business and industry. Areas covered will include advertising design/art; the aesthetic and communicative aspects of photography; the printing processes as employed by business for advertising, packaging, and printed goods; and the art and selection of type and lettering styles.

## BEHAVIORAL STUDIES Interdepartmental Major

### Requirements for the B.A. degree:

Psychology 111, 302 and 316 plus two other upper level psychology courses or studies as approved by the Psychology department. 15 semester hours

Sociology 101, 220 and 304 plus two other upper level sociology courses or studies as approved by the Sociology department. 15 semester hours

One course each in statistics or quantitative methods, methods of research in the behavioral sciences, and in personality or social theory. 9 semester hours

## **BIOLOGY**

### **Departmental Major**

#### **Requirements for the B.A. degree:**

Biology 101 or 121, 122, 123L, 303, 304, 308, 309L, 401, 402L, 412; Chemistry 111, and either 112, or 113; and three courses to be chosen from chemistry, mathematics, physical science or physics. (For this requirement, two, 2 semester hour courses = one course)

#### **Requirements for the B.S. degree:**

Biology 101 or 121, 122, 123L, 303, 304, 308, 309L, 401, 402L, 412; Chemistry 111, 112, 113, 301, 302; Mathematics 111, 112, 113, 211 and 313; physics - six semester hours

#### **BIO 101 Life Science**

**3 Semester Hours**

(BIO 101 or 121 is a prerequisite to all other courses in Biology)

A non-majors course for entering students with a minimum of science background. The course intends to explore the major concepts which involve animals and plants through lectures, demonstrations and films. It will also attempt to speak to the biological bases for the problems facing humans.

#### **BIO 114 Human Biology**

**3 Semester Hours**

A course designed to extend and refine appreciation for man as a biological species. Study will include the historical beginning of mankind. Through investigation of the uniqueness of man's structural, physiological, and behavioral characteristics, the student will be able to develop a better understanding of man's place in nature.

#### **BIO 121, 122 General Biology**

**3 Semester Hours Each**

A two semester introductory treatment of biology designed for entering majors and/or those with strong science preparation and inclination. The first semester (BIO 121) may serve as an area requirement, a terminal biology course in place of Life Science for those students wishing a more advanced treatment of biology. Those students with adequate performance in BIO 101 may bypass BIO 121 and enroll in BIO 122.

#### **BIO 123L Methods in Biology**

**2 Semester Hours**

Laboratory experience in General Biology.

#### **BIO 205 Human Heredity**

**2 Semester Hours**

A study of the basic principles of heredity with special attention to inheritance in humans. The course will begin by reviewing Mendel's Principles and a study of family pedigrees which demonstrate familiar examples of human

inheritance. Included will be discussions of sex determination, DNA and Genetic engineering, heredity and populations, and the interactions of heredity and environment.

### **BIO 300 Animal Behavior**

**3 Semester Hours**

Prerequisites: BIO 121, 122, 123L or equivalents.

Major and current concepts in vertebrate behavioral research will be discussed. Topics will include genetics, mechanics, and evolution of behavior; interspecific interaction; and problems in behavioral research, readings, films, laboratory and field experience will be utilized. Preparation of a library research paper will be required.

### **BIO 303 Investigations in Genetics**

**3 Semester Hours**

Prerequisites: BIO 121, 122, 123L or equivalents.

The emphasis of the course will be on laboratory experimentations which demonstrate basic genetic principles. The experimental organism will be the fruit fly, *drosophila*. The course will include discussions of advanced topics such as cytoplasmic inheritance, enzyme regulation of gene action, gene mapping, and population genetics.

### **BIO 304 Biology of Plants**

**4 Semester Hours**

Beginning with the laboratory studies of the anatomy and physiology of plants, the course will lead to field studies of plant adaptations to the environment including a brief survey of major life cycles and an introduction to the techniques and principles of plant taxonomy.

### **BIO 308 Developmental Anatomy**

**3 Semester Hours**

A study of the vertebrate body from its early embryology through its final form. Lectures will cover the development of basic patterns of the organ systems in representative groups with considerations of the comparative anatomy of the mature vertebrate body.

### **BIO 309L Developmental Anatomy Laboratory**

**2 Semester Hours**

Laboratory investigations of the developmental processes and gross anatomy of representative vertebrates. Two, three-hour laboratories per week.

### **BIO 313 The Biology of Freshwater and Terrestrial Invertebrates**

**4 Semester Hours**

Prerequisites: BIO 121, 122, 123L or permission.

A general survey of the biological features of the invertebrates that inhabit the land and freshwaters of the continental United States. Topics included are: classification, life histories, structure, identification, and behavior. Laboratory sessions will include field and indoor studies. Emphasis will be placed on the major invertebrate groups occupying these habitats.

### **BIO 312 Marine Invertebrate Biology**

**4 Semester Hours**

Prerequisites: BIO 121, 122, 123L or permission.

An introduction to the marine habitats and to the animals that occupy them. All of the major invertebrate groups plus some minor groups will be

considered excepting the parasitic forms. The course will concentrate on such topics as behavior, classification, life cycles, physiology, and structure. Laboratory work will utilize facilities on campus as well as those along the coast such as the Marine Resources Center on Bogue Bank.

### **BIO 314 Vertebrate Zoology**

**4 Semester Hours**

A study of the vertebrates with emphasis on natural history, ecological adaptations, and classification. Field and laboratory investigations of species native to North Carolina.

### **BIO 316 Microbiology**

**4 Semester Hours**

Prerequisites: CHM 111

A study of the nature and activities of microorganisms with emphasis on the bacteria and their relation to human affairs. Standard bacteriological technique.

### **BIO 401 Ecology**

**3 Semester Hours**

Prerequisites: BIO 121, 122, 123L or equivalents.

The environmental factors operating within biotic communities as they influence the distribution and succession of plants and animals.

### **BIO 402L Ecological Methods**

**2 Semester Hours**

Co-Requisite: BIO 401

A lab and field experience in gathering and analyzing ecological data. Methods of sampling biotic and physical factors of aquatic and terrestrial ecosystems will be emphasized.

### **BIO 406 Physiology**

**4 Semester Hours**

Prerequisites: BIO 121 (or equivalent), 122, 123L; Chemistry 112, or 113 (or equivalents) Recommended: one other upper level biology course and one semester of organic chemistry.

Topics will include cell dynamics, nervous and hormonal communication, nutrient balance, gaseous regulation, cardiovascular principles and their combined roles in the maintenance of homeostasis in vertebrate systems. It is hoped that a basic understanding of normal human physiology will be achieved. Laboratory experience involving bioelectronic and mechanical recorders plus oral presentations of assigned topics.

### **BIO 408 Laboratory Investigations in Anatomy**

**1 Semester Hour**

Independent study in anatomy. Microscopic and macroscopic examination of tissues and organ systems of man of higher vertebrates. Designed to complement BIO 406, Physiology.

### **BIO 410, 411 Experience in Laboratory**

**1 Semester Hour Each**

Prerequisite: At least junior standing and permission of the instructor.

A practical course for students interested in teaching and the basic operation of a general biology laboratory.

Students will assist in the design and evaluation of the laboratory periods, attend staff meetings and participate in instruction in the basic biology course.

**BIO 412 Seminar**

**1 Semester Hour**

Discussions, readings, and reports of current research and topics of importance to biologists.

**BIO 421 Independent Studies in Biology**

**TBA**

These may be undertaken after consultation and approval of the faculty members in the area of the stated interest.

The following areas for study are suggested by the staff of the Biology Department:

Animal Behavior

Environmental Education

Human Ecology

Microbiology

Natural History Studies of North Carolina Vertebrates and Invertebrates

Scientific Photography

## **BUSINESS ADMINISTRATION**

### **Departmental Major**

#### **Requirements for the B.A. degree:**

Majors in the field of Business Administration are required to take MAT 113 as a prerequisite to BUS 303, 310, 313 and 401. Required for the major are ECO 111, 112; BUS 111, 203, 204, 301, 313, 401 and six hours of business electives. Students should plan to take BUS 301, 305 and 306 during their junior year.

Students planning to enter graduate school for the Master of Business Administration degree should include BUS 302, 305, and 306 in their programs.

**BUS 111 Introduction to Business**

**3 Semester Hours**

The background and scope of American business; facts concerning the management and financing of modern business organization; also production, procurement, and marketing policies of the firm; the information and communications systems of firms.

**BUS 203 Introduction to Financial Accounting**

**3 Semester Hours**

Basic concepts and methodologies of accounting for service and merchandising businesses. Also, problems in income measurement and valuation of inventories, plant and equipment; treatment of borrowing and dividend payments.

**BUS 204 Financial Accounting II**

**3 Semester Hours**

Prerequisite: BUS 203

Financial reporting and disclosure, statement of changes in financial position, problems created by changing price levels, cost accumulation and control through job order and process cost systems or standard costs, direct

costing, and responsibility accounting; introduction to methods of managerial accounting; introduction to accounting treatment of federal income taxes.

**BUS 301 Money and Banking****3 Semester Hours**

Prerequisites: ECO 111, 112. Recommended for the Junior Year.

A survey of the American monetary and banking system and international monetary arrangements. An intermediate level treatment of monetary, fiscal, and debt management theory and consideration of major problems in control of the business cycle. (Identical to ECO 301)

**BUS 302 Business Law****3 Semester Hours**

This course considers the law affecting the conduct of trade and industry; nature and scope of competition at common law, and legislative attempts to fix the boundaries of permissible competition.

**BUS 303 Economic Man, The Theory of the Firm, and Market Structure****3 Semester Hours**

Prerequisites: ECO 112, MAT 113. Recommended for the Junior Year.

An intermediate level treatment of the theory of consumer choice, production functions, cost functions of the firm, consequences of profit maximizing behavior, and implications of imperfect competition in the marketplace. (Identical to ECO 303)

**BUS 304 Personnel Management****3 Semester Hours**

An exploration of the human side of organizations. Topics include methods of enhancing the quality of organizational life and increasing group and personal effectiveness. Major attention is devoted to basic personnel processes including job design, development, appraisal, compensation, collective bargaining and motivation.

**BUS 305 Marketing****3 Semester Hours**

Introduces marketing as a vital business activity in the American economy. Describes the marketing environment, marketing analysis and strategy, and the marketing program.

**BUS 306 Principles of Management****3 Semester Hours**

A beginning survey of organization and motivation techniques for operating businesses of all sizes and at various levels. Case studies of successful and unsuccessful businesses are examined with special emphasis on small scale production and retailing operation.

**BUS 313 Probability and Statistics****3 Semester Hours**

Prerequisite: MAT 113. Recommended for the junior year.

An introduction to the elementary theory of probability; treatment of distribution, hypothesis testing, and estimation. (Identical to ECO 313 and MAT 313)

**BUS 401 Finance****3 Semester Hours**

Prerequisites: MAT 113; BUS 203. Recommended for the senior year.

The scope and nature of corporation finance, ratio analysis, profit-planning, financial forecasting, cash budgeting, the management of working capital, sources and forms of short-term financing.

## **ACCOUNTING CONCENTRATION**

This group of courses is designed to give the student strong preparation in a variety of areas in the field of accounting. For the accounting concentration, students must complete the requirements for the degree in Business Administration plus all five courses listed below. In addition, Business Law and other appropriate courses may be recommended for those who intend to sit for the C.P.A. exam.

### **BUS 310 Cost Accounting**

**3 Semester Hours**

Prerequisite: MAT 113

Topics covered include cost estimation, the use of cost data in decision making, the use of standards and budgets by management, job order and process cost systems, cost allocations, direct costing, and absorption costing.

### **BUS 311 Tax Accounting**

**3 Semester Hours**

Prerequisites: BUS 203 and 204.

Taxation and the legislative process, individual returns, business returns, gross income and exclusions therefrom, deductions, depreciation, losses and bad debts, sales accounting, capital gains and losses, cash and accrual methods, deferred compensation, partnerships and corporations.

### **BUS 315 Intermediate Accounting I**

**3 Semester Hours**

Prerequisites: BUS 203 and 204.

Review of the framework of accounting; financial statements, inventories and valuation procedures, acquisition, use and retirement of land, buildings and equipment; depreciation; intangible assets; short and long term investments and use of stocks and bonds.

### **BUS 316 Intermediate Accounting II**

**3 Semester Hours**

Prerequisites: BUS 203, 204, 315.

Capital acquisition and formation; retained earnings; book value related to per share earnings; error correction; completion of financial records and changes in financial position; pricing and price changes; financial statement analysis used with comparative data; measures of capital use and liquidity.

### **BUS 410 Auditing**

**3 Semester Hours**

Prerequisites: BUS 203, 204, 310, 315, 316.

The overview of auditing, including the decision process of the individual business, external controls, audit tests and documentation, sales and collection cycles, sampling size and item testing, impact of EDP on auditing systems, payroll auditing, acquisitions and payments cycle, inventory and warehousing cycles, audit reports and the ethics of audit procedures.

## **Hotel and Food Services Management Concentration**

Hotel and Food Services Management is a concentration of courses designed to prepare students for employment in the hotel, motel, and food services industries. Students are required to complete the requirements for the degree in Business Administration plus all of the seven courses listed below.

### **BUS 201 An Introduction to the Management of Hotel and Food Services** **3 Semester Hours**

A study of general management principles and their particular application to hotel and food services. Special attention will be given to the unique managerial problems of labor intensive industries such as hospitality services.

### **BUS 403 Accounting and Financial Management for Hotel and Food Services** **3 Semester Hours**

Prerequisite: BUS 203

Studies will be pursued that will enable the student to understand and design financial control systems, to measure the impact of changes in product and service volume on profits and cash flows, to prepare and implement annual budgets for guiding operations, and to select and evaluate capital expenditure projects.

### **BUS 405 The Marketing of Hotel and Food Services** **3 Semester Hours**

A study of the similarities and differences between the marketing of goods and the marketing of services. Emphasis will be placed on the importance of the service sector of business in society, especially in hospitality services and franchise marketing. The student will plan and develop a marketing program for an organization in the industry.

### **BUS 406 Personnel Management in Hotel and Food Services** **3 Semester Hours**

A study of organizational behavior, the acquisition and placement of personnel, motivation, wage and salary administration, working conditions and other factors that make for an efficiently operating organization.

### **BUS 407 Facilities Management For Hotel and Food Services** **3 Semester Hours**

A study of the economics of design and layout of the operating plant, problems of equipment maintenance, facilities provision, product and traffic flow, and growth factors as they affect public acceptance of the services.

### **BUS 408 Food and Beverage Management for Hotel and Food Services** **3 Semester Hours**

A study of food and beverage purchasing and control, productivity and merchandising, food health factors and hygiene standards.

### **BUS 413 Senior Seminar In Hotel and Food Services Management** **3 Semester Hours**

A study of current problems in all phases of operations and new proce-

dures in hotel and food services management. Decision-making practice will be emphasized as well as organizational development and management by objective.

## CHEMISTRY, PHYSICS, AND PHYSICAL SCIENCE

### **Requirements for the B.A. degree:**

Chemistry 111, 112, 301, 321, 361, and 341 or 381; any two physics modules. 28 semester hours

### **Requirements for the B.S. degree:**

Chemistry 111, 112, 301, 321, 341, 361; 8 semester hours in any other chemistry courses; Physics 101 and three other physics modules. 40 semester hours

### **CHM 111 General Chemistry**

### **4 Semester Hours**

Prerequisite: Skills in basic algebra and calculations involving percentages.

**Atomic and Molecular Structure.** A review of the metric system important to chemistry and other basic measurements precede a study of the development of the structure and properties of atoms as they pertain to chemistry. The concepts of bond formation and chemical reactions are included with quantitative descriptions of composition and stoichiometry. The laboratory work associated includes basic techniques and measurements used in chemical laboratories and experiments designed to illustrate the quantitative aspects of chemical reactions.

**Structure of Matter.** A study of the structure and physical properties of the solid liquid and gaseous states of matter based on the structure of atoms and molecules. The relation of the nature of chemical bonds to the properties of various types of matter will be included. Special attention will be given to the structure and properties of solutions. The laboratory work includes measurement of physical properties of solids, liquids, and gases applicable to chemical systems.

### **CHM 112 General Chemistry**

### **4 Semester Hours**

Prerequisite: CHM 111. Mathematics used consists of quadratic equations and logarithms. Instruction in mathematics is included.

**Energy and Chemical Systems.** A study of determination and calculation of the energy associated with chemical reactions and an estimation of the available work which may be obtained from chemical systems. These properties are then used to estimate the extent of the reaction and the characteristics of the system at equilibrium. Laboratory work includes the measurement of heats of reactions by calorimetric methods and the use of pH meters for determination of equilibrium in solutions of weak acids and gases and buffers systems.

**Chemical Systems.** A variety of topics related to the study of chemical

systems and analysis. Most of the material supports the laboratory program which is a modified scheme of qualitative analysis. Other topics include the study of the rates of chemical reactions and nuclear chemistry.

### **CHM 113 General Chemistry**

**4 Semester Hours**

Prerequisite: CHM 111. (will not satisfy requirement for CHM 301)

**Basic Organic Chemistry.** An introductory study of the structures, nomenclature, and basic reactions of organic chemistry. Designed for the student in biological sciences and allied health programs but also a valuable short course for any student who needs an introduction to organic chemistry. The laboratory program consists of basic laboratory techniques and methods with application to characterization of functional groups rather than synthesis.

**Basic Biochemistry.** A study of the basic structure and properties of biological molecules and major biological pathways. The laboratory program will include experiments dealing with the characteristics of the major types of biological material and suitable techniques such as spectrophotometric methods.

### **CHM 301 Organic Chemistry**

**4 Semester Hours**

Prerequisites: CHM 111, and 112 or 113.

A study of the aliphatic and aromatic systems of organic chemistry with an emphasis on the relation of structure and reactivity. This course covers the complete scope of the subject but the reactions covered in this course are limited in number. A one semester course designed for all students who require a knowledge of organic chemistry and as a terminal course for some. The laboratory work includes techniques and methods for carrying out organic synthesis reactions.

### **CHM 302 Organic Chemistry II**

**4 Semester Hours**

Prerequisite: CHM 301

An in-depth study of the application and techniques involved in a limited number of organic reactions. Each reaction is used as a model system of an important type of organic reaction and all aspects of the reaction are investigated. The program is divided equally between class time and laboratory.

A study of the classification of functional groups by means of chemical reactions, formation of characteristic derivatives, and spectrometric methods - Infrared, NMR and Mass spectra. Primarily a laboratory course.

### **CHM 321 Biochemistry**

**4 Semester Hours**

Prerequisites: CHM 301; BIO 121 and 123. BIO 316 is also recommended.

A one semester program building on the content of organic chemistry, CHM 301, which covers the structure and biological reactions of the major metabolites. The laboratory program will feature the isolation, purification, and evaluation of enzyme systems.

### **CHM 341 Analytical Chemistry I**

**4 Semester Hours**

Prerequisites: CHM 111 and 112 or 113; MAT 113 or its equivalent.

A study of the basic techniques of volumetric analysis and the application of these methods to the most frequently encountered laboratory operations. Experimental work will include calibration of volumetric apparatus, standardization of solutions, and evaluation of the result of analytical procedures. Also, methods and techniques applied to the analysis of chemical systems which establish equilibrium conditions such as weak acids and bases, slightly soluble compounds, and complexation systems. Mainly volumetric in nature.

**CHM 342 Analytical Chemistry II****4 Semester Hours**

Prerequisites: CHM 341. It is recommended that the student complete Physics 101, 102, 103, and 104 before taking this course.

A study of the principle redox procedures, their applications and limitations as applied to analytical determinations. Mainly volumetric in content but some electronic procedures will be used in lab and discussed in lectures. Also a study of the principles of electroanalytical methods and spectroanalytical techniques used most frequently in the laboratory. The main body of laboratory work will focus on potentiometric methods and visible spectrophotometry.

**CHM 361 Physical Chemistry I****4 Semester Hours**

Prerequisites: CHM 301, 341; MAT 211; PHY 105.

A study of the laws of thermodynamics as they apply to chemical systems, and the evaluation of the various thermodynamic functions of state for various chemical systems. The laboratory work includes calorimetric methods for determining the thermodynamic functions. Also, a study of the application of thermodynamic functions to the concept of equilibrium in chemical systems and the methods and techniques for determining the kinetics of reactions. Ionic, covalent and biological systems will be investigated.

**CHM 362 Physical Chemistry II****4 Semester Hours**

Prerequisites: CHM 342, 361; any four physics modules.

A study of the principles of electrochemical cells; the potential measurements, the equilibria involved, and the measurement of changes in concentrations and potential. Also, the various approaches to chemical bonding and the application of these methods to molecular structure. Energy levels of the structure will be included and then related to various types of spectroscopy.

**CHM 381 Inorganic Chemistry****4 Semester Hours**

A brief review of atomic structure; in depth study of the basis of classification of elements into metals, metalloids, and nonmetals; properties of metals of various groups; study of formation of complexions, and coordination compounds; reactions of inorganic compounds in aqueous media; modern theories of inorganic compounds, and a brief introduction to radioactivity and nuclear transformations.

**CHM 401 Individualized Studies in Chemistry 1-4 Semester Hours**

An advanced program for junior and senior students designed to give experience in research in several areas as well as in the following:

Advanced Organic Synthesis

Organic Analysis

Organic Mechanisms and  
Structure

Principles of Biochemistry

Principles of Biochemical Laboratory

Principles of Natural Product Chemistry

**PHYSICS SEQUENCE**

Physics 101, 103, 106 and 107 are offered in even years.

Physics 101, 102, 104 and 105 are offered in odd years.

**PHY 101 Mathematics for Physical Science 2 Semester Hours**

(Note: the following courses require MAT 113, its equivalent, or the permission of the instructor.)

Primarily a supporting course for the physical sciences, this module will include the concepts of measurements, units of measurement, scientific notation, collecting and treatment of data, and representation of results. Emphasis will be placed on the hand calculator as a tool.

**PHY 102 Mechanics 2 Semester Hours**

A study of the description of motion and the analysis of forces acting in a system to produce motion. The contents are directed toward rectilinear motion but some types of rotational motion are included. Laboratory work includes analysis of concurrent forces, acceleration and velocity determinations, evaluation of frictional forces, and conservation of energy.

**PHY 103 Electricity and Magnetism 2 Semester Hours**

Primarily a study of the fundamental concepts of electric charge and the properties of electrical systems, this module contains instruction in electrostatics, field strength and other basic electrical units. Laboratory work includes measurement of basic electrical components in D.C. circuits.

**PHY 104 Optics 2 Semester Hours**

A study of the elements of optics from a geometrical standpoint is presented in this module. Basic concepts of electromagnetic radiation and its interaction with matter producing reflection, refraction, dispersion, and absorption will be examined and applied to simple optical systems. Colorimetry will be included in the final portion of the module.

**PHY 105 Heat and Thermodynamics 2 Semester Hours**

This unit contains a study of the concept of heat, the measurement of heat energy, and the effect of heat on physical systems. Discussion will include the development of the kinetic concept of matter and the association of this concept with heat energy. Basic principles of thermodynamics will be covered.

**PHY 106 Modern Physics****2 Semester Hours**

A study of physics involved in the description of atomic structure and interactions of the atom with various levels of energy. Nuclear structure and reactions will also be included in this module.

**PHY 107 Harmonic Motion****2 Semester Hours**

A study of systems that have primarily rotational and/or vibrational motion. Wave motion will be presented and applied to systems of vibrating bodies and sound.

**PHYSICAL SCIENCE SEQUENCE****PHY 121 Physical Science****4 Semester Hours**

A comprehensive introductory program designed to give non-majors and general education students the basic understanding of the physical sciences and their proper relationship to the earth sciences. A laboratory program is provided for the elucidation of techniques and uses of experimental data.

**PHY 122 Introduction to Astronomy****4 Semester Hours**

A general survey of the visible sky and the apparent motions of the stars and sun with the seasonal changes and the observer's position on the earth, the solar system and the description of the planets and minor objects, the nature and motion of the moon, the identification and location of a selected number of stars and constellations, and the nature and evolution of stars. A brief summary of the various theories of the universe will be presented at the end of the course.

**COMPUTER SCIENCE****CSC 201 Introduction to Computer Programming - BASIC****3 Semester Hours**

A course to learn the fundamentals of computer hardware and programming through the use of BASIC Language. Course work will concentrate on the writing and application of computer programs. A lab is required.

**CSC 202 Application of Computer Programming****3 Semester Hours**

Prerequisite: Knowledge of BASIC Programming

Emphasis on the application of programming techniques. The use of input/output devices are introduced to broaden the scope of application. Data storage and retrieval, file structure, and system application will be studied. A lab is required.

**CRIMINAL JUSTICE****Departmental Major****Requirements for the B.S. degree:**

A minimum of 33 semester hours of criminal justice coursework is required. Up to 15 semester hours of this requirement may be satisfied by taking introductory courses at a community college or technical institute in the areas of

police science, corrections, security or other approved criminal justice areas. The student must satisfy Wesleyan's general education requirements and complete eighteen semester hours of upper level criminal justice concentration. It is also strongly recommended that PSY 302 and SOC 304 be taken by all criminal justice majors.

**CJU 111 Introduction to Criminal Justice 3 Semester Hours**

A study of the agencies and processes involved in the criminal justice system-legislature, the police, the prosecutor, the public defender, the courts and corrections. An analysis of the roles and problems of law enforcement in a democratic society, with an emphasis upon intercomponent relations and checks and balances within the legal and court system. Provides an orientation relative to the profession as a career.

**CJC 112 Penology 3 Semester Hours**

The correctional process, historical development, present philosophies, and practices. Emphasis is given inmate reception, classification, program assignments, and release procedures. Also examined are alternatives to correctional institutions through community resources and treatment programs.

**CJU 201 Criminology 3 Semester Hours**

The study of deviant behavior as it relates to the definition of crime, crime statistics, theories of crime causation, white collar crime and crime typologies.

**CJU 202 Criminal Law 3 Semester Hours**

The legal definition of crimes and defenses, purposes and functions of substantive criminal law, historical foundations and development of English common law, limits of criminal law with focus upon the case study approach.

**CJU 204 Criminal Evidence and Procedure 3 Semester Hours**

Constitutional and procedural considerations affecting arrest, search and seizure, post-conviction treatment; origin, development, philosophy, constitutional basis of evidence; kinds and degrees of evidence and rules governing admissibility. Judicial decisions interpreting individual rights and case studies; focus upon the case study approach.

**CJU 301 The Judicial Process 3 Semester Hours**

The structure of the courts, original and appellate jurisdiction, judicial selection and tenure, judicial discretion, sentence disparity, sentencing alternatives, development of "stare decisis", and study of court administration. Field visits to selected courts for observation and analysis of proceedings.

**CJU 306 Juvenile Delinquency 3 Semester Hours**

An analysis of youthful deviant behavior in terms of its nature, extent, courses, treatment, and prevention, with particular attention to social forces contributing to delinquency and programs of juvenile correction. (Identical to SOC 306).

**CJU 311 Criminal Justice Administration 3 Semester Hours**

A study of the principles of administration and management and their application in the area of criminal justice. Emphasis is placed on budgeting and

financial control, recruitment, staff development, public relations and critical aspects of the decision making process.

**CJU 312 Comparative Criminal Justice Systems 3 Semester Hours**

Prerequisite: CJU 111 or its equivalent.

A comparative survey of cross cultural uniformities and diversities in law enforcement, judicial and correctional systems in selected countries.

**CJU 410 Constitutional Law 3 Semester Hours**

A chronological and topical study of American constitutional law, concentrating on those issues which best indicate the importance of the Supreme Court in the development of American politics. (Identical to POL 410).

**CJU 413 Field Research in Crime Related Areas 3 Semester Hours**

A culminating course in criminal justice which requires a major research study of an on-the-job problem under the supervision of a faculty member and a criminal justice supervisor from the agency concerned. Students are expected to study the problem first-hand through interviews and observation, to read related material and to report the results in a research paper. (Enrollment limited to in-service students currently employed in a criminal justice agency).

**CJU 414 Fundamentals of Counseling and Interviewing 3 Semester Hours**

The interaction involved in the face to face interview, knowledge of behavior reactions; development of an awareness of likely responses to the behavior of the interviewer. Examination of the various types of counseling.

**CJU 415 Selected Topics in Criminal Justice 3 Semester Hours**

A seminar for advanced students. Topics of current importance such as drugs, judicial reform, uniform sentencing, crime prevention, victimology, sex and victimless crimes are studied. Other topics will be added as they become serious problems within our society. Topics to be assigned by the instructor and presented for class discussion by the students.

**CJU 417 Analysis of Correctional Operations 3 Semester Hours**

Problems of management of the correctional process; programming, security information systems, reports, case management, evaluation of progress; custody and discipline as they relate to rehabilitative efforts; examination of the probation and parole process and field visits to selected correctional facilities.

**CJU 421 Internship in Criminal Justice 3 Semester Hours**

Placement on a part-time basis in a criminal justice agency under the supervision of a faculty member. Designed to give pre-service students practical job experience in an agency of primary interest. (Enrollment strictly limited to advanced criminal justice majors based upon availability of position openings within local and state criminal justice agencies. In-service students do not qualify).

**CJU 422 Individualized Study in Criminal Justice 1-3 Semester Hours**

Permits advanced students to pursue topics of individual interest under faculty supervision. Must include research and analysis of a specific area of criminal justice. Designed to give the student academic flexibility.

**CJU 423 Seminars in Criminal Justice Management 1-3 Semester Hours**

Workshops designed for personnel staffing management and supervisory positions in the criminal justice system; focus upon solutions to particular administrative problems created by changing social trends and demands.

## **ECONOMICS**

### **Departmental Major**

**Requirements for the B.A. degree:**

Majors in the field of Economics are required to take MAT 113 as a prerequisite for ECO 303, 304, 313.

Required courses are ECO 111, 112, 301, 303, 304, 313, and BUS 401. In addition, students must plan to take nine additional hours in Economics. Students should plan to take major courses 303, 304, and 313 during their junior year.

**ECO 111 Principles of Economics 3 Semester Hours**

Prerequisite to all other Economics courses.

An introductory survey of the world of macroeconomics. Topics include a basic analysis of the market system in a democratic society, national income accounting, the interaction of households, firms, and government, and the monetary sector of the economy.

**ECO 112 Principles of Economics 3 Semester Hours**

An introduction to microeconomics and current economic issues. Emphasis is given to the theories of consumer demand and market equilibrium along with costs and pricing within various market structures. Economic analysis of problems such as poverty, pollution, health care, and mass transit will be presented.

**ECO 301 Money and Banking 3 Semester Hours**

Prerequisites: ECO 111, 112. Recommended for the junior year.

A survey of the American monetary and banking system and international monetary arrangements. An intermediate level treatment of monetary, fiscal, and debt management theory and consideration of major problems in control of the business cycle. (Identical to BUS 301).

**ECO 302 International Economics 3 Semester Hours**

Prerequisites: ECO 111, 112.

A study of the theory of international trade from the mercantilists to the neoclassical school, of international monetary relations, and of the relationship between international trade and economic development.

**ECO 303 Intermediate Microeconomics****3 Semester Hours**

Prerequisites: ECO 112; MAT 113. Recommended for the junior year.

An intermediate level treatment of the theory of consumer choice, production functions, cost functions of the firm, consequences of profit maximizing behavior, and implications of imperfect competition in the marketplace.

**ECO 304 Intermediate Macroeconomics****3 Semester Hours**

Prerequisites: ECO 111; MAT 113.

A study of economic aggregates including a study of factors determining the level of national income and economic activity. Also, a study of the interrelationships among production, price levels, relative prices, employment, and capital formation.

**ECO 311 History of Economic Thought****3 Semester Hours**

Prerequisites: ECO 111, 112.

A study of the evolution of economic theory as it has accompanied the growth of the market economy. Included will be the ideas of the great economists as they relate to the institutions and ideologies of their times.

**ECO 313 Statistics****3 Semester Hours**

Prerequisite: MAT 113.

An introduction to the elementary theory of probability; treatment of distributions, hypothesis testing, and estimation. (Identical to BUS 313 and MAT 313).

**ECO 406 American Growth and Development****3 Semester Hours**

Analysis of principles of American economic growth and their application to underdeveloped areas. A study of the ways in which the American growth experience may serve as a model for the less developed economic societies.

**ECO 407 Comparative Economic Systems****3 Semester Hours**

A study of market, command, and traditional economic systems. Soviet and market socialist economies are examined in detail. Evaluation is made using the techniques of modern welfare economics and from a dissenting point of view.

**ECO 408 The Economics of Developing Countries****3 Semester Hours**

Prerequisites: ECO 111, 112.

A study of economic theories and policies which are especially relevant to the problems of contemporary countries with low median income per capita.

**ECO 412 Public Finance****3 Semester Hours**

A theoretical and practical study of the role of all levels of government in reallocating resources, redistributing income, and stabilizing the level of economic activity through use of their taxation and expenditure powers.

## EDUCATION

North Carolina Wesleyan College has, from its beginning, accepted the responsibility for educating students who plan to enter the teaching professions. The college continues that emphasis and provides three areas of professional preparation for teaching in public schools:

1. Secondary teaching in nine subject areas.
2. Early Childhood (Grades K - 3)
3. Intermediate (Grades 4 - 9)

### Elementary Education Interdepartmental Major

#### Requirements for the B.S. degree:

Students who choose to become certified in elementary school teaching will major in early childhood or intermediate education.

Since the requirements for these programs are extensive, those who may be interested should discuss the program with Education advisors as early in the college career as possible.

### Early Childhood Education

## **SECONDARY EDUCATION**

### **Interdepartmental Major**

#### **Requirements for the B.S. degree:**

A minimum of 30 semester hours in Education courses including 101, 205, 207, 315, 316, 444, 446 and 448; completion of the subject area requirements; and Psychology 304.

Students may be certified to teach in the following subject areas: Biology, Chemistry, English, General Science, History, Mathematics, Music, Physical Education and Social Science. Subject area requirements may be obtained from appropriate departments.

Students who choose to become certified in Secondary Education (grades 7-12) must formally notify the Education Department of this prior to the beginning of their Junior year.

## THE PROFESSIONAL BLOCK PROGRAM

The culminating experience of any student preparing to teach is the Professional Block Program at the level of certification being sought. Included in this program are appropriate methods of teaching seminars in applied psychological principles and supervised teaching. Care should be taken to insure that all prerequisites for the block have been met prior to registration. Admissions policies are as follows:

1. Application for the block must be filed in the spring term previous to the term in which one expects to enroll.
2. All teaching area courses and all methods courses must be completed or the student applying must have the permission of the Education Department. In no case may a student enter the block with more than twelve hours to complete for graduation after the block.
3. All applicants to the block must have maintained high standards of performance in their collegiate program. In the secondary program, those with less than a "B" average in the subject teaching field or in Education courses will be required to have a vote of confidence from the faculty in the teaching field. Students in the elementary program are required to have an overall "B" average or a vote of confidence by the Education faculty.
4. Because of the nature of the teacher education program and its relations with local schools, the College reserves the right to refuse the application of any individual for the block program. In such cases the student has the right of appeal to the Teacher Education Council.
5. Students who enroll for the block program must enroll for the full course load and may not participate in any other program or course of study.

## EDUCATION COURSES

### **EDU 101 Introduction to Education**

**3 Semester Hours**

The philosophical, psychological, and historical backgrounds in American education. This course is prerequisite to all other education courses for those who plan to teach.

### **EDU 205 Field Experience**

**3 Semester Hours**

A field experience for all students with active participation in the classroom as a teacher's assistant.

### **EDU 207 Psychology Applied to Teaching**

**3 Semester Hours**

A study of the general principles of psychology as they apply to teaching with emphasis on human development, learning, and motivation. Individual differences, psychological methods of classroom management and control of discipline, and characteristics of exceptional children are also covered.

### **EDU 213 Communication Skills**

**3 Semester Hours**

A study of the basic oral and written communication forms used in formal and informal communication modes and of the interrelationship of these modes as applied to the teaching of literacy.

**EDU 315 The Teaching Of Reading****3 Semester Hours**

Methods and materials for teaching reading. Linguistic and language experience approaches are discussed in detail. Other aspects of the course includes goals, principles for teaching reading, individualizing reading instruction, administrative practices affecting reading programs, physical and psychological aspects of learning to read, and diagnosis and correction of reading difficulties. A 30 hour lab is required.

**EDU 316 The Teaching Of Reading In Content Areas****3 Semester Hours**

The areas of investigation will be specific ideas and techniques which show how instruction in reading skills can be incorporated into any subject area; the ability to read the language of content areas; tools of diagnosis and methods of teaching reading skills.

**EDU 318 Diagnostic Teaching of the Basic Skills****3 Semester Hours**

An examination of the rationale and techniques for gathering diagnostic information on a student's literacy and mathematical skills and conceptual development, and of the utilization of this information in designing teaching-learning episodes.

**EDU 321 Curriculum In Early Childhood****3 Semester Hours**

A study of the history and philosophy of early childhood education including nursery schools, day care centers, kindergarten and the primary grades; trends in organizational setting; teaching patterns; and study of curriculum areas.

**EDU 331 Curriculum in Intermediate Education****3 Semester Hours**

The view of contemporary classroom problems dealing with curriculum, organizational patterns, social and cultural influences.

**EDU 426 Classroom Management - Early Childhood****5 Semester Hours**

Emphasis on the development of an effective learning environment for your children through the use of a variety of methods, materials, media, and community resources. Special interest given to literature for the young child.

**EDU 428 Directed Teaching In Early Childhood Education****10 Semester Hours**

Designed to provide supervised teaching experience in cooperating public schools within the area. Conducted on a full-time basis for one term.

**EDU 434 Methods and Materials For Teaching In The Elementary School****3 Semester Hours**

A study of the various methods and materials for teaching (Language Arts, Mathematics, Sciences or Social Studies) in the upper elementary grades.

**EDU 436 Classroom Management for the Intermediate Classroom****5 Semester Hours**

A study of the rationale and techniques for developing a classroom environment conducive to purposeful student participation in planning and completing units of study.

**EDU 438 Directed Teaching In Intermediate Education****10 Semester Hours**

Designed to provide supervised teaching experience in cooperating public schools within the area. Conducted on a full-time basis for one term.

**EDU 444 Methods/Materials - Secondary Education****3 Semester Hours**

Methods and materials for teaching individual subject areas in secondary education including English, Mathematics, Music, Social Studies, Sciences, and Physical Education. (3 semester hours each area)

**EDU 446 Classroom Management - Secondary****5 Semester Hours**

A study of the techniques for organizing and planning effective management of learning in secondary school classrooms including unit and daily planning, teaching methods, teaching procedures, classroom control, discipline, evaluation principles, testing, interpretation and use of standardized tests.

**EDU 448 Directed Teaching in Secondary Education****10 Semester Hours**

Designed to provide supervised teaching experiences in cooperating public schools. Conducted on a full-time basis for one term.

## **ENGLISH**

### **Departmental Major**

**Requirements for the B.A. degree:**

During the freshmen and sophomore years, prospective English majors must complete either 203, 204; or 205, 206; or 204, 206.

During the junior and senior years, majors must complete a total of 24 semester hours in English courses numbered 300 and above. Among these should be ENG 307, 311, and one writing course from among 302, 304, or 305.

**Requirements for a teaching emphasis in English for the degree of B.S. in Secondary Education:**

Twenty-four hours in English, not including 111, 112. These hours must include 6 hours from the sophomore surveys (English 203, 204, and English 205, 206) or 3 hours from the surveys and English 115; English 307, 309, 311; and a minimum of 9 additional in courses numbered above 300.

**ENG 089 Basic Reading****3 Semester Hours**

A course designed especially to help those students needing to improve reading and study skills. The course will be divided into three, four-week sessions:

1. Vocabulary Development
2. Reading Comprehension
3. Study Skills - test taking, note taking, time management, academic orientation.

**ENG 090 Basic Writing****3 Semester Hours**

The course seeks to develop the student's writing skills as preparation for college work. Individualized instruction will be available and each student will do considerable work in those areas which are the most appropriate to his or her own needs.

**ENG 111 English Composition****3 Semester Hours**

The purpose is to develop in students the ability to write a well-ordered, accurate functional essay. There will be intense instruction in writing of paragraphs and in the elements of the essay, particularly description, narration, and the major forms of exposition.

**ENG 112 English Composition****3 Semester Hours**

The particular aim of the course is to increase the student's ability to write cogent argument, to interpret and adduce evidence, to advance judgments and proposals in a reasoned and persuasive way.

**ENG 115 Introduction to Literature****3 Semester Hours**

An introduction to literary forms (fiction, poetry, drama) and terminology, designed to give the student a basis for the appreciation of literature as well as a foundation for further literary study.

**ENG 203, 204 The Literature of the United States****3, 3 Semester Hours**

A two-way survey of the literature of the United States, beginning in the colonial period and continuing to the present day. Reading and writing skills are emphasized through frequent critical papers and essay examinations.

**ENG 205, 206 Survey of English Literature****3, 3 Semester Hours**

A two-term survey of English literature, intended to familiarize the student with the important authors, works, and movements from a historical perspective. Emphasis will be placed upon developing an understanding of basic literary terminology and on learning to write about literature.

**ENG 302 Advanced Composition****3 Semester Hours**

A course designed for students who want to extend their writing skills beyond the scope of English 112. Class activities and assignments will focus on developing a more advanced prose style and writing various types of expository essays. A major endeavor of the course will be to teach students to respond critically to their own writing and to that of others.

**ENG 304 Business Communications****3 Semester Hours**

Development of critical writing skills used in business, science, technology, and government. The course will include such topics as communication theory, technical style, formats for proposals, reports, and manuals.

**ENG 305 Creative Writing****3 Semester Hours**

Extensive practice in writing poetry and short fiction under close supervision.

**ENG 307 History of The English Language****3 Semester Hours**

The development of the English language from its beginning to the present time.

**ENG 308 Literary Criticism****3 Semester Hours**

A survey of the history of criticism from classical antiquity to the present. Selected readings from such writings as Aristotle, Plato, Sidney, Dryden, Johnson, Coleridge, Arnold, Eliot, and Frye.

**ENG 309 Systems of Grammar****3 Semester Hours**

A study of traditional, structural, and transformational-generative grammars and how these methods can be used to teach the language arts.

**ENG 310 The Age Of Chaucer****3 Semester Hours**

Readings from the works of Chaucer and other medieval writers; attention given to the social and intellectual background of the Middle Ages.

**ENG 311 Shakespeare****3 Semester Hours**

Intensive reading of a dozen plays. Additional reading in Shakespearean criticism and Shakespeare's sources.

**ENG 313 The English Renaissance****3 Semester Hours**

Readings from the prose, poetry, and drama of the 16th Century, but including lyric poetry from the early 17th Century.

**ENG 317 The Age of Milton****3 Semester Hours**

Prose and poetry of 17th Century England with the primary emphasis on Milton.

**ENG 400 Children's Literature****3 Semester Hours**

A survey of changing concepts of the nature of childhood, the history of children's literature, and methods of presenting literature to children.

**ENG 403 18th Century Prose and Poetry****3 Semester Hours**

A survey of English literature from Dryden to Burns. Though the emphasis falls on Swift, Pope, and Johnson, there will be substantial reading in minor authors who provide essential background for the period.

**ENG 405 19th Century Prose and Poetry****3 Semester Hours**

A survey of the major Romantic poets including Blake, Wordsworth, Coleridge, Byron, Shelley, and Keats. Also, study of such major Victorian figures as Carlyle, Tennyson, Browning, Arnold, Newman, the Pre-Raphaelites, Ruskin, and Pater.

**ENG 410 Modern British Literature****3 Semester Hours**

An intensive study of the works of Lawrence, Auden, Yeats and Joyce. Lectures are mainly critical and interpretive with attention to literary history of the recent past.

**ENG 411 Topics in 19th Century American Literature****3 Semester Hours**

An investigation of important topics in the literature of the period.

**ENG 412 Topics in 20th Century American Literature****3 Semester Hours**

An investigation of important topics in the literature of the period.

In addition to the above courses, Group Studies will be available on demand.

## **ENVIRONMENTAL SCIENCE**

### **Interdepartmental Major**

#### **Requirements for the B.A. degree:**

This degree program may be completed either by graduates of Community Colleges or Technical Institutes holding the Associate degree in Environmental Science or by students who begin their college work at North Carolina Wesleyan.

Required are: Biology 122, 123L, 304, 316, 401, 402, and 412; Chemistry 111, 112 or 113, and 341; Physics 102, 103; Mathematics 313.

## **FISH AND WILDLIFE MANAGEMENT**

### **Interdepartmental Major**

#### **Requirements for the B.S. degree:**

This is a major program for Associate of Applied Science graduates of two-year Fish and Wildlife Management programs at Community Colleges and Technical Institutes. Each student entering the program will receive full credit for his or her two-year program to a maximum of 64 semester hours.

Required are: Biology 122, 123L, 304, 401, 402 and 412 plus . . . other Biology courses, one to be chosen from BIO 205 and 303, 316, 406.

## **FRENCH**

### **FRE 111, 112 Elementary French**

**3, 3 Semester Hours**

Fundamentals of oral and written French.

### **FRE 201, 202 Intermediate French**

**3, 3 Semester Hours**

A continuation of the basic language skills. Grammar review and selected literary texts.

## **GEOGRAPHY**

### **GEO 101 World Geography**

**3 Semester Hours**

An introduction to the study of geography as a social science. A brief introduction to physical geography, map projections, and the use of maps.

## **GERONTOLOGY**

### **Interdepartmental Concentration**

A program for students completing majors in fields in which gerontological studies would serve as an entry for positions which involve working with older members of our society. The concentration will provide a substantial background for those planning to be certified by the state of North Carolina as Nursing Home Administrators.

It is a five course, fifteen semester hour sequence including courses offered by several departments such as Psychology, Business Administration, Sociology, Biology, and Religion. (See Educational Programs.)

## **HISTORY**

### **Departmental Major**

#### **Requirements for the B.A. degree:**

A minimum of 30 semester hours in History courses including 101, 102, 427, and at least two courses or individualized studies each in three of the following areas: American history, European history, English history, Russian history, Asian history, African history, Latin American history.

A student who contemplates teaching history and/or pursuing graduate studies in history should gain a working knowledge of at least one and preferably two modern foreign languages.

Recommended electives: courses in economics, political science, sociology, philosophy, literature and church history.

The following courses are required for a history concentration in Secondary Education: GEO 101; HIS 101, 102, 111, 112, 225, 313; one course or individualized study in each of the following areas: European history, English history, Latin American history.

The following courses are required for a social science concentration in Secondary Education: HIS 101, 102, 111, 112, 225; one course or individualized study in each of the following - European history, English history, Politics 112, 211; Sociology 101, 228, 303; Geography 101.

#### **HIS 101, 102 Western Civilization 3, 3 Semester Hours**

An introduction to historical methods and study. Concentration will be on the great ideas, individuals, and events which have shaped the Western world. The first term will deal with the period from the Middle Ages to the French Revolution; the second term, the period since then.

#### **HIS 111, 112 The United States in Historical Perspective 3, 3 Semester Hours**

The first term examines chronologically the growth and development of American civilization from the first settlements to the present. The second term concentrates on selected interpretive themes in the American experience. HIS 111 is recommended as a preparation for HIS 112.

#### **HIS 225 Introduction to African Civilization 3 Semester Hours**

A general examination of African history and culture, balancing the pre-colonial, colonial, and independent periods. Readings from historical, anthropological, and artistic literature of Africa. (Identical to SOC 225)

#### **HIS 228 Technology and Society 3 Semester Hours**

An examination of how machines have shaped man's civilizations in the past and how innovations such as television and the automobile influence our lives today. (Identical to SOC 228)

#### **HIS 301 Colonial and Revolutionary America to 1789 3 Semester Hours**

The founding and institutional development of the English colonies; the background, progress, and results of the Revolution.

**HIS 303 Revolutionary Europe 1776-1815****3 Semester Hours**

A survey of the origins and issues of the French Revolution and Napoleonic era and their impact on western civilization.

**HIS 306 United States in the Twentieth Century****3 Semester Hours**

The political, economic, social, cultural, and intellectual forces that have shaped modern America, especially as the United States has emerged as a world power.

**HIS 308 United States Since 1945****3 Semester Hours**

An examination of post World War II United States society, culture, and politics with particular attention to foreign policy and the nuclear dilemma. HIS 111 or 306 is recommended for preparation for this course.

**HIS 311 England to 1689****3 Semester Hours**

A survey of the forces and events which shaped English institutions and character. Emphasis will be placed on constitutional and legal development, the shaping of the English religious tradition, and the background of literary expression.

**HIS 312 England and the Empire-Commonwealth Since 1689****3 Semester Hours**

A study of the development of modern British society with the emphasis on the growth of cabinet government and democracy.

**HIS 313 Ethnic Studies****3 Semester Hours**

An introduction to and analysis of issues relating to ethnic minorities in the United States. Among the topics covered will be discrimination, immigration, problems of assimilation, and the contributions of minorities to national life. (Identical to SOC 313)

**HIS 314 Afro-American Studies****3 Semester Hours**

(History 111 is recommended as preparation)

An examination of events of United States history from the perspective of Afro-Americans. Special consideration is given to slavery and its historical interpretations and to writings by significant Afro-Americans.

**HIS 315, 316 Latin America****3, 3 Semester Hours**

(History 316 is identical to SOC 316)

A survey of the Latin American political, economic, social, and cultural experience. The first term deals with the period from pre-Columbian times through the wars for independence. The second term surveys modern Latin America, giving attention to U.S.-Latin American relations and aspects of developing nations.

**HIS 400 The Ancient World****3 Semester Hours**

A survey of ancient civilization, concentrating on the ancient Near East, Greece, and Rome.

**HIS 403, 404 Europe in the 20th Century****3, 3 Semester Hours**

The first term will deal with recent Europe to 1939; the second term with World War II and Europe since 1945 in its world setting.

**HIS 405 The Middle East****3 Semester Hours**

Prerequisite: HIS 102

The history of Southwest Asia and Arab North Africa to the present day. Major emphasis will be on the rise and spread of Islam, the Ottoman Empire, European Imperialism and its decline, and the crises of the late 20th Century.

**HIS 406 The Far East****3 Semester Hours**

Prerequisite: HIS 102

A survey of the East Asian cultures, concentrating on the impact of European Imperialism in the 19th and 20th Centuries and on the subsequent period of independence.

**HIS 407, 408 Russia****3, 3 Semester Hours**

The first term will deal with Kievan and Tsarist Russia; the second term will deal with the Soviet Union.

**HIS 409 Religion In United States Culture****3 Semester Hours**

An historical approach to religion in American life which demonstrates religion's active role in forming and shaping American culture. (Identical to REL 409)

**HIS 414 Advanced African Studies****3 Semester Hours**

The detailed examination of the history of a region, e.g. Southern Africa, or of a selected issue, usually involving a research project.

**HIS 421 Individualized Studies****1-3 Semester Hours**

Primarily for junior and senior history majors, the course will be composed of readings and discussion and/or research and writing, depending on the nature of the subject and the student's interest.

**HIS 427 Senior Seminar****3 Semester Hours**

Critical analysis of selected topics including the completion of a research project.

**HOTEL AND FOOD  
SERVICES MANAGEMENT**  
**See Business Administration**

**HUMANITIES****HUM 101 Introduction to the Humanities****3 Semester Hours**

An introduction to the nature of the fine arts, examining their basic similarities, purpose, and techniques.

**HUM 102 American Humanities****3 Semester Hours**

An introduction to American culture through the study of selected dimensions of the national experiences. The student will study materials from literature, philosophy, religion, the fine arts, the popular arts, politics, and economics as they relate to topics such as individualism, religion, nationalism, the city, technology, minority groups, and war.

**HUM 201 World Literature****3 Semester Hours**

An introduction to Greek and Latin literature in translation. Selected epic poems and plays.

**HUM 202 World Literature****3 Semester Hours**

European novel and drama in translation. Selected works from different centuries and countries.

**HUM 203 Mythology****3 Semester Hours**

Greek and Roman myths and their survival in modern literature, art, and music.

**MATHEMATICS****Departmental Major****Requirements for the B.A. degree:**

A minimum of five mathematics courses numbered above 300, not including MAT 302 and 308, and including MAT 404. A maximum of three individualized studies, approved by the Mathematics department, may be substituted for three of the five courses above.

**Requirements for the B.S. degree:**

A minimum of five mathematics courses numbered above 300 not including MAT 302 and 308 and including MAT 404 and a minimum of four courses in the natural sciences. A maximum of three independent designs, approved by the Mathematics department, may be substituted for three of the five courses above. French is recommended.

**MAT 090 Developmental Mathematics****3 Semester Hours**

An intensive study of fundamental mathematics operations with particular attention to applications.

The course includes lab sessions with individual tutoring opportunities. Students are placed in this course on the basis of test results.

MAT 090 carries elective credit and may not be used to satisfy any college requirements.

**MAT 111 Basic Mathematics****3 Semester Hours**

A survey of basic mathematics skills with strong emphasis upon problem solving techniques. Satisfactory completion fulfills the proficiency requirement. Not a remedial course. Not available to mathematics majors.

**MAT 112 Introductory Algebra****3 Semester Hours**

A study of the fundamental operations and concepts of algebra through the level of factoring polynomials. Emphasis is on developing skills and mastering concepts to prepare students for further work in algebra.

**MAT 113 College Algebra and Trigonometry****3 Semester Hours**

A one semester course for students having a moderate foundation in high school algebra. Topics include the algebraic functions and relations, circular and exponential functions.

**MAT 211 Calculus and Analytic Geometry****4 Semester Hours**

Prerequisites: MAT 113 or permission of the instructor

Topics include analysis of a straight line, circle and other conic sections, functions and graphs, curve plotting and related rates, differentials, and differentiation and integration of functions, with applications to area, volume, and work.

**MAT 212, 213 Calculus and Analytic Geometry II, III****2, 2 Semester Hours**

Prerequisite: MAT 211

Topics include differentiation and integration of trigonometric transcendental and hyperbolic functions; polar coordinates, and parametric equations; methods of integration, with applications to areas, volumes, centers of gravity.

**MAT 225 Geometry****3 Semester Hours**

Euclidean geometry from a modern axiomatic viewpoint and the consequences of the parallel postulate. Topics included are space, plane, and line as set of points; separation properties; simple closed curves; concepts of measurement and transformations.

**MAT 302 Structure of Mathematics****3 Semester Hours**

This course is designed for the elementary school teacher. The emphasis will be on the mathematical concept rather than the process of mathematics. The topics to be discussed are the real number system, geometry, probability, functions, mathematical systems, and the role of inductive and deductive reasoning.

**MAT 308 Finite Mathematics****3 Semester Hours**

Prerequisite: MAT 113 or permission of the instructor

This course is designed for the non-mathematics major. Topics include symbolic logic, truth tables, sets, vectors and matrices, probability theory, linear programming and the theory of games. An elective course for mathematics majors, it is not applicable for upper level credit.

**MAT 313 Probability and Statistics****3 Semester Hours**

Prerequisite: MAT 113 or equivalent; junior standing

Permutations and combinations, total and compound probability, Bayes' formula, Bernoulli's theorem, discrete distributions, confidence limits, tests of hypotheses, and analysis of variance. (Identical BUS 313 and ECO 313)

**MAT 314 Applied Calculus****4 Semester Hours**

Prerequisite: MAT 212, 213 or equivalent

Topics include limits and continuity, vector analysis, indeterminate forms, infinite series, solid analytical geometry, vectors, and partial derivatives.

**MAT 403, 404 Linear and Abstract Algebra****4, 4 Semester Hours**

Prerequisite: MAT 213 or equivalent; junior standing

Topics include vectors in the plane, linear transformations and matrices, similarity, vector spaces, invariant subspaces, groups, rings, and fields.

**MAT 415 Elementary Differential Equations****3 Semester Hours**

Prerequisite: MAT 213

Solution of differential equations of first order by separation of variables, integrating factors, as exact, homogeneous and linear equations. Solutions of linear differential equations of higher order with constant coefficients, by variations of parameters, undetermined coefficients, and operators. Solution of elementary equations by series method. Physical and geometric applications.

**Individualized Studies**

The Mathematics department is prepared to offer individualized studies in the following areas: matrices, analysis, topology, number theory, complex variables, differential equations, probability, non-Euclidean geometry, and theory of equations.

Individualized studies other than those listed above or interdisciplinary studies will be considered at the student's request.

## **MUSIC**

### **Departmental Major**

**Requirements for the B.A. degree:**

In Music Education: A minimum of 48 semester hours in music courses including MUS 115, 116, 215, 216, 303, 307, 308, 312, 405, 411, 413 and 414. Also, 111L, M, N, V. (Students whose major performing medium is voice will take 111D in place of 111V), 14 semester hours in the applied major instrument or voice, and 7 semester hours in ensemble courses.

Music Education majors may not include credit earned in ensemble courses toward the major requirements. Ensemble credit is required as an integral part of applied training but will be credited beyond the major requirements listed above.

In Music: A minimum of 41 semester hours in music courses including MUS 115, 116, 215, 216, 413, 414; four additional semester hours of electives in music chosen from MUS 303, 312, 402, 404, 405, or 411; twelve semester hours in the applied major instrument or voice; and six semester hours in ensemble courses.

**Additional requirements for the degree:**

1. **PIANO PROFICIENCY:** If the music major's primary performing medium is not piano, a proficiency exam in piano must be passed. This is normally accomplished by the end of the sophomore year. Until the required level of proficiency is reached, the music major must study preparatory piano in every term for no credit. Once the proficiency level is reached, the music major may choose to continue piano study for credit, but this is not required.

2. **PRACTICE:** To receive full credit for applied music study, a music major is expected to practice a minimum of two hours daily on his or her primary instrument. Loss of practice time or irresponsible absences from lessons may curtail credit awarded.

3. **PERFORMANCE:** Music majors are required to perform on their primary instrument in a student recital at least once each term during the first two years (except for the first term of the freshman year), and at least twice each term during the junior and senior years. This requirement is waived for music education majors during the term in which they enroll for the teaching block. Non-music majors receiving elective credit for applied study must perform in a workshop and recital once each term. The music major is encouraged to give a partial recital during the junior year and is required to give a full recital during the senior year.

4. **RECITAL ATTENDANCE:** Music majors are required to attend all concerts and recitals sponsored by the College and other musical events recommended by the instructor involved. Workshops and student recitals are scheduled frequently. Attendance is required.

5. **ACCOMPANYING:** Piano majors will provide accompanimental service for instrumental and voice students as recommended by their instructor.

### **MUS 103 Music Appreciation**

**3 Semester Hours**

An introduction to musical understanding, designed for students who have had little contact with the art. The elements of music, its styles and forms as seen through a chronological study of the major monuments of music literature. Not open to music majors.

### **MUS 104 Survey of Music Literature**

**3 Semester Hours**

Prerequisite: Music 103

The study of structural forms and their functions as illustrated in representative works from the history of Western music.

**MUS 307-308 Music Fundamentals for Classroom Teachers****2-2 Semester Hours**

The study of problems, materials and techniques of teaching music in the elementary schools, including sightsinging, ear training, keyboard practice, melody and rhythm instruments, and autoharp. Basic music fundamentals, scales, chords, rhythms, and principles of notation. Proficiency in this course is required for the major in elementary education.

**MUS 312 Orchestration****2 Semester Hours**

The study of instrumental resources and techniques. Scoring, editing, and arranging for orchestra, band, chamber ensembles, and choral groups.

**MUS 402 Keyboard Pedagogy and Literature****2 Semester Hours**

A survey of the major works of keyboard literature, their style, form, and technical resources; materials and methods of keyboard teaching.

**MUS 404 Vocal Pedagogy and Literature****2 Semester Hours**

A survey of the solo song, with emphasis on the standard repertory; materials and methods of vocal teaching.

**MUS 405 Conducting****3 Semester Hours**

Conducting techniques, rehearsal procedures, experience in conducting college ensembles.

**MUS 411 Counterpoint****2 Semester Hours**

The study and analysis of the principles of contrapuntal technique in the sixteenth and eighteenth centuries.

**MUS 413-414 History of Music****3-3 Semester Hours**

A survey of the historical development of music from its origins to the present.

## Applied Music

Private instruction in applied music is available to all students of the College. Applied music study at pre-collegiate level is considered preparatory and conveys no credit. At collegiate level, a maximum of 8 semester hours may count as free electives in the liberal arts curriculum of the non-music major. Credit is awarded on the following basis:

**One hour of weekly instruction and a minimum of two hours daily practice**

**2 Semester Hours**

**One-half hour of weekly instruction and a minimum of one hour of daily practice**

**1 Semester Hour**

Loss of practice time or irresponsible absence from lessons may curtail credit awarded. Lessons missed without prior notification and excuse cannot be made up. Grades for applied music are determined by jury examination at the end of each term. All students receiving credit for applied music are required to attend student recitals, appropriate workshops and repertory classes.

## Piano

The level of proficiency at which a student may begin to receive credit for applied music study in piano is outlined in a departmental brochure. Upon admission as a freshman, the piano major will be given an audition to demonstrate ability to satisfy this level of proficiency. Voice and wind instrument majors should reach this level of proficiency in piano by the end of their sophomore year.

### Preparatory Piano

**No credit**

Lessons for the beginning student.

### MUS 111A, 112A Piano

### Requirements for the B.A. degree:

Theatre 111, 115, 125, 307, 314, 401, 402, and an additional 6 semester hours in theatre. It is strongly recommended that Theatre 224, 315, 317; Speech 101; and English 311 be taken by every theatre major.

### Additional requirements for the degree:

A senior recital is required. The presentational form of a recital may be either in acting, directing, or design project - entirely dependent on the student's major emphasis. Adjudicators will consist of a three person committee chosen from both the Music and Theatre department faculty. Senior recital proposal must be submitted prior to completion of the junior year.

### **THR 101, 102, 103, 104 Theatre Laboratory      1 Semester Hour each**

A practicum in production, not applicable to major.

### **THR 111 Introduction to Theatre      3 Semester Hours**

A survey to understand the encounter between performers, writers, directors, designers, technicians and those who view it - the audience.

### **THR 115 Introduction to Technical Theatre      3 Semester Hours**

An examination of the basic techniques, theories and methods in scenic construction and painting, light, makeup, costuming, and stage movement.

### **THR 125 Acting I: Development of Technique      3 Semester Hours**

Development of imagination, concentration, and movement through improvisation and theatre games. Technique sharpened by performance in monologue and by scene study. Understanding of stage and acting terminology.

### **THR 204 Makeup      3 Semester Hours**

A study of styles of makeup for the stage with exploration of techniques and materials. (offered in alternate years.)

### **THR 224 Costume History      3 Semester Hours**

Prerequisite: THR 111

This course is intended for those interested in costume design for the stage. It will encompass a comprehensive study of costume history and its application to stage costumes.

### **THR 301 Acting II: Development of Technique      3 Semester Hours**

Prerequisite: THR 111

Continued exploration of acting technique through detailed text analysis and performance of complicated scenes from dramatic literature.

### **THR 307 Directing      3 Semester Hours**

Prerequisites: THR 111, 115, 301

Introduction to the use of theme and imagery in presenting a unified production. Deals with analysis and communication of all theatre arts and includes a practical as well as theoretical scene preparation. (offered in alternate years)

**THR 314 Scenic Design****3 Semester Hours**

Prerequisite: THR 115

Principles of scenic design for the proscenium and open stage theatres. Emphasis will be on play analysis, basic design, color, drafting and execution of design.

**THR 315 Lighting Design****3 Semester Hours**

Prerequisite: THR 115

A study of theatrical lighting related to the total design of a production. Students will study basic design, color, drafting and have practical experience in the execution of a light plot.

**THR 317 Costume Design****3 Semester Hours**

Prerequisite: THR 115, 224

An intensive exercise in rendering techniques and costume construction for the stage. Practical application of skills and principles of costume design will be explored.

**THR 318 Modern Drama****3 Semester Hours**

Prerequisite: THR 125

A study of written contemporary drama; its forms, contents, and movements. Evaluation of plays for their contribution to current thought. (offered in alternate years.)

**THR 319 Dramatic Literature****3 Semester Hours**

A study of classic European dramatic literature of the 19th and 20th centuries which will contrast various playwrights, forms, and attitudes.

**THR 401, 402 History of the Theatre****3, 3 Semester Hours**

Prerequisite: THR 125

An in-depth course on the significant phases in the development of the theatre from the Greeks to the present. (offered in alternate years.)

**THR 403 Musical Theatre Workshop****3 Semester Hours**

Prerequisite: THR 125

A workshop in the development of musical theatre performance styles utilizing voice, acting, and movement. (offered in alternate years.)

**THR 421, 422 Advanced Studies In Theatre** **1-3, 1-3 Semester Hours**

Prerequisite: Instructor's permission

This course is intended primarily for junior and senior theatre majors in addition to and in lieu of other courses in the theatre curriculum. The procedure may include readings, discussion, research, writings, and other creative work, depending upon the nature of the subject and student's interest.

**THR 424 Methods In Creative Arts****3 Semester Hours**

Prerequisites: THR 111, 125, and permission

An examination of the basic techniques and methods to release exploratory impulses of children through creative expression.

**REGULAR CHARGES**

---

charges for the standard college program.

**Room Rental.** The cost of a room with double occupancy is \$600 for the regular academic year. Single rooms and suites are available on a limited basis for \$790.

**Meal Charges.** Meals are available in the Wesleyan Cafeteria at a cost of \$1,140 for the regular academic year. Students residing on campus are required to purchase their meals under this arrangement.

**Activities Fee.** This fee of \$50 per academic year is required for all full-time students enrolled in the day program. The fee provides the basic financial support for the College programs in student government, intramurals, social activities, and student publications.

**Health Fee.** This fee of \$40 per academic year is required for all resident students. The fee provides partial support for the College Health Program, including limited accident insurance coverage.

**Payment of Charges.** All tuition, room and board, and fees are due and payable on, or before, the published date of registration for each term. Failure to comply with this payment schedule will result in a late registration charge.

**Withdrawal Refunds.** Any student who officially withdraws from Wesleyan after registration will receive a refund as follows:

**REGULAR TERM**

First Week	80% of all regular charges paid
Second Week	60% of all regular charges paid
Third Week	40% of all regular charges paid
Fourth Week	20% of all regular charges paid
After Fourth Week	No refund

Any enrolled student whose academic load is reduced because of a schedule change after registration day will receive a refund as follows:

**REGULAR TERM**

First Week	Full refund of overage tuition
After First Week	No refund

There is no refund for voluntary or involuntary withdrawal after the regular refund period.

**Indebtedness:** No records will be released and graduation will not be certified for any student who has a financial indebtedness to Wesleyan.

---

**SPECIAL FEES  
AND CHARGES**

---

**Additional Semester Hours.** Sixteen semester hours is the standard maximum during the Fall and Spring

Terms. Additional hours are charged at the rate of \$60 per semester hour.

**Special Student Fees.** Special students registering for credit courses are charged \$60 for each of the first 6 semester hours taken; \$90 for each of the 7th through 11th semester hour taken.

**Applied Music Fees.** Students taking private music lessons are charged \$60 a term for one-half hour instruction weekly; for one hour of instruction weekly, the charge is \$110.

**Student Teacher Fee.** A fee of \$50 is charged for the term a teacher candidate takes the Professional Block Program. The fee is to compensate the local supervising teacher who oversees the practical teaching experience.

**Late Registration Fee.** A late registration fee of \$10 is charged to complete your registration after the published registration period each term. Registration is not complete until all charges are paid to the Business Office. If a delay results from circumstances clearly beyond your control, a written appeal to waive this fee may be made to the Registrar.

**Challenging a Course.** A testing fee of \$50 is charged for course challenge. The student must pay regular tuition rates for credits earned. The testing fee is applied to the tuition. If credit is not earned, the testing fee is non-refundable.

**Graduation Fee.** An application for graduation must be submitted to the Registrar's Office by December 1 of the senior year. A fee of \$30 is payable at that time to cover graduation costs, including diploma and cap and gown.

**Transcript Fee.** Requests for academic transcripts should be directed to the Registrar's Office. Official and unofficial transcripts are mailed by the Registrar's Office upon written request at a cost of \$2.00 each. Unofficial copies of transcripts may be obtained by the student at a cost of 20¢. All official transcripts must be mailed by the Registrar's Office; official transcripts will not be released to students. Requests for financial aid transcripts and health records should be directed to the Financial Aid Office and the Student Life Office, respectively.

**Courses Requiring Special Fees.** Certain courses will require extra fees to cover costs of materials, special instruction, rental charges, and the like. Since these charges may vary from course to course, a list of such charges cannot be published in advance.

---

## DEPOSITS

**Advance Deposit.** Once an applicant for admission to Wesleyan has been accepted, an advance deposit is required. The amount of the required deposit is \$100 for a resident student and \$50 for a commuting student. The deposit is applied to the student's first term charges. Should the student fail to register, the deposit is forfeited.

**Room Reservation.** After an applicant for admission as a resident student has been accepted, a room reservation form, accompanied by a \$100 room deposit, is required. This deposit is not applied to the student's charges, but serves as a continuing room guarantee and property damage deposit. To

receive a refund of the room reservation deposit, the student must either graduate from the College or notify the Housing Director that he or she will not return to the College. Your notification must be in writing and must be received by June 1 for the Fall Term or sixty days prior to the Spring Term.
